Phew! What a relief

The Madoc Village swimming pool opened for the first time for public swimming last

week. It was just in time to provide relief from the week long hot spell.

Madoc earns berth in provincial finals

by Jeff Wilson

A 2-1 victory over Grafton Sunday night gave the Madoc Intermediate men's "D" team a two-game series sweep along with a berth in the provincial championships in Fenelon Falls.

The provincial finals will be held on Sept. 14-15.

In the game Sunday night the pitchers were the story of the night giving up only ten hits combined. Duncan Kosziwka started for Madoc and went five innings giving four hits, walking four, while striking out four. Larry Griffin came in relief for the final two innings to nail down the victory. He didn't surrender a hit, struck out two and walked one.

Grafton pitcher Trev McBride went the distance, giving up six hits, and walking two.

Grafton scored the game's first run in the top of the second inning on a double that a Grafton player tried to turn into a triple, but was thrown out to end the inning.

Madoc didn't waste any time in replying, tying the game 1-1 in the bottom half of the second inning on a Kelly Cook double.

Duncan Kosziwka was thrown out at home on the same play.

Madoc's Howard Williams, who walked scored the team's winning run off of a triple by Brian Willemsen.

Madoc displayed some sparkling defense to preserve its lead. In the sixth inning Grafton attempted a sacrifice bunt to move a runner from first to second. Madoc threw out the batter at first, and a quick throw to second caught the Grafton player who had rounded to bag too far.

In the first game of the series last Friday night in Grafton, Madoc won the game by a 9-4 score.

Madoc scored three runs in the second inning off a three run homer by Howard Williams.

In the third inning Madoc added two more runs-off a Brian Willemsen solo home run, and a RBI single by Gord Donaldson.

Madoc scored three more runs in the fourth inning, with Larry Griffin, Dale Ray and Brian Willemsen all scoring off RBI singles.

Madoc added its ninth run and final run in the sixth inning.

Village receives grant for radios

Madoc Village council received a grant from the provincial government to help purchase new radios and pagers for use in emergency situations.

The grant was in the amount of \$5,300 to help purchase seven new hand held radios and ten new pagers. The new radios and pagers will be given to members of council, roads and fire departments to be used in the event of an emergency situation under the village's emergency plan.

Village Clerk/Treasurer

Doug Parks said the radios and pagers would be used to keep members of council, the roads and fire department apprised of all activities at the site of an emergency situation, like a gasoline tanker truck flipping over at the four corners.

Parks said he hopes the radios and pagers never have to be used for the purpose they were purchased for.

The funding came through the Ministry of the Solicitor General from the Joint Emergency Preparedness Program.

Figure skating club to hold registration

The Madoc Figure Skating Club will hold its registration for the fall program for private lessons on Saturday, Sept. 7 at the Madoc Arena.

The registration will run

from 11 a.m. to 2 p.m.

Madoc Figure Skating Club President Elaine Johnston said the club members are attempting to "work together to make

Reeve registers for fall election

Reeve Tom Deline has registered for the municipal election in November.

Prospective candidates for the election could have registered as early as January of this year, and have until the first week in October. So far only Reeve Deline and Councillor Crichton Harrop have registered. Councillor Harrop said registering was just a formality and he will publicly announce his intentions whether or not to run, in the next couple of weeks.

Reeve Deline said he decided to run for a second term as reeve to see through the completion of some projects in progress.

The major project he would like to see completed is the water and sewer project which began in the 1970's, should be completed by 1995 if provincial funding continues at the same rate, he said.

"We should have 95 per cent of the community serviced and

a lot of the old lines replaced by 1995, and that should put the municipality in good shape for the next number of years," Deline said.

As well as the sewer and water project, Deline said he would like to see the swimming pool and lawn bowling development completely finished. He said that project probably will be finished next spring.

Deline said he would also like to see the completion of the three year lower voltage street light replacement project, the sidewalk deficiency project, and five or six drainage

problems.

Deline said he would like to return to council to continue the job of promoting the village, seeking provincial funding which he said the present council was adequately able to do in its three year term. He said he would also like to return to continue to fight for the lowest tax increase. Deline said the Madoc Village tax increase percentage was the lowest of Tweed, Stirling and Marmora this year.

Lottery application fee raised

Madoc Village Council approved an increase in the application fee for the selling of Nevada Lottery tickets.

The application fee was raised from \$10 to \$35 because no limit has been set on the number of tickets that can be sold by the vendor.

The fee increase is effective immediately.

Letters to the EDITOR...

Dear Editor:

Letter sent to Honorable Ruth Grier, Minister of the Environment.

At the annual meeting of the Moira Lake Property Owner's Association held in the Kiwanis Centre, Madoc, Ontario on August 10th 1991, the following motion was passed unanimously.

"After receiving reports of high level E coli count in flooded areas adjacent to the Madoc sewage lagoon and in Deer Creek, and upon review of 1990 reports of phosphate content in the Moira River and Deer Creek, this annual meet-

ing petitions the Ministry of the Environment and Madoc Council to undertake an immediate environmental assessment of the effectiveness and operation of the Madoc sewage lagoon so that further impairment of water quality in Moira Lake might be corrected."

This motion is addressed to you to express the primary concern of the three hundred and thirty property owners about the environmental impact of the Madoc sewage lagoon and its operation upon Moira Lake.

Water quality has been a problem for years, and we are well aware that a number of factors are involved. There are

Dance school holds registration

Under the guidance of Aida Sutton Jones the Madoc School of Dance Arts may one day produce a dancer who will go on to become a member of the National Ballet.

In an interview Jones said the school which held its registration last Wednesday evening, has a couple of "promising prospects" that one day could be members of the National Ballet.

Jones will be starting her second year as principal of the school this year. In her first year as principal 100 per cent of her students gained examination passes, and ended the season with an excellent record.

Jones has an extensive background in dance, she is originally from South Yorkshire, England and was sent over to Ontario as an examiner of dance arts in 1972. Since marrying and settling in Canada she has been busy teaching in Toronto and now Madoc, as well as adjudicating and examining all over Canada and England. She last adjudicated a festival held in North Bay, and is booked for an upcoming festival in Sault Ste. Marie. She also will be travelling to Ottawa in December to be part of a six hour dance workshop.

Jones is an Examiner and Fellow of the British Association

of Teachers of Dancing, a member of the Royal Academy of Dancing, a licentiate of the Imperial Society of Teachers of Dancing, a member of the Allied Dance Teachers of Great Britain and in 1982 she was made Honorary Member of the American Dance Masters Association, Canada, Chapter 38 for her services in the world of Dance Arts.

Jones said she receives pleasure and satisfaction from teaching dance when she can see a shy, timid student become engrossed in dance and come to forward in the end. She said she also enjoys molding young gifted dancers.

The Madoc School of Dance Arts offers classes for both adults and children. For children the school offers tap, ballet, jazz, modern and arco gymnastic, while adults can take classes either in jazz-size or tap. Jones said ballet and tap top the popularity list, with jazz coming in a close second.

Jones says dance teaches the joy of movement through music, as well as self expression. She said dance is a good form of physical fitness, and teaches good team spirit when working in groups. Dance helps the dancer with poise, as well as self-confidence, she said.

In the future Jones said she would like to introduce her school to competitions which are usually held in Toronto and the United States. She said she would like to create a Festival of Dance and Music in Madoc, in conjunction with the Lions Club to pull in all the talented dancers and musicians from the village and surrounding area.

Moondance Art Gallery closes its doors

For artists Pat Eplett-Hubbard and Joanne Mann-Smith their partnership was short but sweet.

The two opened the Moondance Art Gallery in part of the old Madoc Hotel. Unfortunately after only nine weeks of operation they have had to close the doors because of circumstances out of their control. The gallery's last day was last Saturday.

Hubbard said the two artists were inspired by the public's response, especially at the opening when 400 people attended.

Hubbard said many people who have visited the gallery commented on how nice it was to have something like their gallery in Madoc.

As well as their partnership being dissolved, the two artists' future plans for gallery also have faded away.

Hubbard said they had planned to hold workshops, as well as having school children take field trips to the gallery.

People visiting the gallery saw two different types of work from the two artists.

Hubbard's work was greatly influenced by the light and atmosphere of the Muskoka and Huronia areas, and now since moving to Madoc she has extended her range to include the creeks, bush and rolling hills around Madoc, Bancroft and the Ottawa Valley, while Smith's work carries a native art theme. As well as painting on canvas Smith created some works on canoe paddles, which she said was a popular item.

The two artists said they were unable to find a comparable space in Madoc to relocate the gallery to, so they have decided to go their separate ways.

Hubbard said she intends to return to a gallery she previously was in, while Smith said she intends to continue painting at home and go back to school to further her native arts studies.

natural sources of enrichment from upstream which are difficult if not impossible to eliminate. Concern that individual sewage systems around the lake might be a contributing factor led to a comprehensive inventory this summer, conducted with the aid of a grant from the Ministry of the Environment to the Environmental Youth Corps. The report to date indicates that the vast majority of property owners systems are satisfactory, and the remainder can easily be corrected, and we are confident that they will be.

The lagoon and its operation remains a continuing source of concern, for a number of reasons. Although the effluent discharged is treated, its impact on algae growth was clearly demonstrated during the summer of 1989 when the Moira River Conservation Authority installed the logs in the dam below the lake prematurely, with the result that the lake was seriously polluted with algae from May throughout the summer. We also know that the lagoon has been breached for some time, and that water tested outside the lagoon which leaked from it has shown the same E. Coli count (in the 4000ppm range) as water inside the lagoon. Presumably the phosphate count would be the same as well. In addition, we have been reliably informed that the lagoon... as... originally

constructed was not properly lined with clay; and that the gate valves have been inoperative preventing use of both sections of the lagoon. This leads at times to overflow. Further we are aware that storm sewers have not been properly separated from sanitary sewers, further increasing the volume of water in the lagoon.

Therefore while we recognize that the lagoon is not the sole source of our problems of water quality, we have good reason to believe that it is a major source, with respect to a lake that cannot afford any additional enrichment or other form of pollution that is preventable.

This problem affects not only the 330 property owners around the lake, but Madoc itself. Indeed, Madoc has everything to gain by the improvement of Moira Lake, whose property owners continue to be an important economic resource for merchants and other business.

Martial Arts Club holding registration

The Centre Hastings Secondary Martial Arts Club is again offering registration into its fall program.

Classes are offered every Monday at CHSS in Madoc, in gym three. Children's classes start at 6 p.m., adult classes at 7 p.m.

Registration will be held on Monday, Sept. 16, at 6 p.m. for children classes, 7 p.m. for adults.

The program was created to provide children and adults with a comprehensive series of courses in traditional Oriental martial arts from the beginner's level through the advanced levels.

The program is actually in its 17th year in Hastings County. It consists of five martial arts - karate, Jui Jitsu, Lost Track Kung Fu, Ying Yee Kung Fu and Tai Chi. The club initiates beginners into karate and Jui Jitsu at first and is certified by major martial arts organizations to take a student right through to the black belt ranks.

Success in the club depends on a person's attitude, attendance and proper execution of technique. Especially in the children's class, the ethical side of martial arts is stressed. Respect for elders, respect for law and community, respect for property, courtesy, self-reliance, self-confidence and leadership form the backbone

of the ethical side.

The club promotes the Snow Tiger Association's "Karate Kids Don't Do Drugs" project, now in its sixth year.

Karate and Jui Jitsu are dynamic vehicles for personal development. Work-outs can be tough, particularly in the adults' class; in this class, men and women encourage each other to train harder. A lot of stretching is involved, a process that may take months, but is nevertheless required for the development of good, strong karate.

The club's activities are approved and regulated by Snow Tiger Martial Arts Association, Kai Shin Karate Association which is in turn affiliated with the All Japan Karate Association, and the Canadian Jui Jitsu Association in turn a member of the Ontario Ministry of Culture and Recreation and the World Council of Jui Jitsu Organizations.

The instructors hold Canadian Coaching Levels certificates. One instructor was inducted into the World Black Belt Hall of Fame last year.

Though demanding and challenging, the personal benefits of martial arts training apply to both young and old. Members progress at their own rate.

For anyone wishing further information regarding the club

Women's breast workshops slated in Marmora, Madoc

Information on the normal breast appearance and structure has not been widely discussed in the past. Most women go through the stages of puberty, early, middle and older adulthood not fully understanding the normal changes their breasts go through from month to month and through the life stages.

This lack of basic knowledge of the breast, plus the fact that breast cancer is the leading cause of cancer deaths in women leads to fear and anxiety for most women.

Health Units in Ontario have been mandated to promote breast health as part of their Healthy Adult Program. In February, 1991, the local health unit conducted a survey to establish interest in breast health education.

and its activities, contact 473-4366 or drop by on registration day on Sept. 16.

In response to this survey, there will be a breast health workshop on Sept. 12 from 7-9 p.m. at the Health Unit Office, Madoc and Sept. 26, 1991 from 7-9:30 p.m. at Fabeth Nursing Home, Marmora.

The workshop will address the normal changes of breast tissue through life, risk factors, techniques of breast self-exam and the strategies of early detection.

To register, contact the Health Unit at 473-4247.

a strong figure skating unit". The Madoc Figure Skating Club offers clinics for amateur coaches which will be held on Sept. 7.

Johnston said the club is planning its Ice Show for March, and she added a Christmas party will be held for the young skaters.

For the first time the club will hold a competition within its own ranks. In previous years the club performed at the Quinte Inter Club competition, but due to cut backs individual clubs have to hold their own competitions.

Correction

In the Aug. 28 edition of the Review an article stated that the Cooper baseball team of the Women's Fun League lost one game. The team was actually undefeated in the tournament. In the photo player Lynn MacDonald was absent, the Review regrets the error.

Farm land, hockey team both win

The Ontario Municipal Board has given the green light to the construction of an NHL hockey arena on farm land in Kanata, but the OMB has restricted future development of the property.

The OMB limited the agricultural land to be used for the Ottawa Senators' arena and related buildings to 98 acres in its Aug. 28 decision, and required the developers, Terrace Investments Ltd. to withdraw its application to develop its remaining 500 acres.

Terrace was also required to pull out of a development study affecting an additional 7,000 acres of agricultural land.

Elmer Buchanan, minister of Agriculture and Food, whose ministry intervened in the hearing, said the OMB decision means Ottawa can now proceed with its NHL franchise plans and the loss of prime agricultural land has been minimized, in a press release.

The ministry is developing a land use policy first for cabinet consideration and then for broad consultation with farmers, farm groups and the general public.

In its 89-page decision, the OMB said now is a time of "great environmental concern" in which "clear action is required of both provincial and municipal levels of government, if the agricultural resource lands on the urban periphery are not to continue to be regarded as merely lands awaiting development, like other less valuable land reserves."

The Board's decision said the use of the land now approved was justified on several counts: the combination of social, historic and economic factors and the benefits of this facility; the need to meet the opportunity given by the selection by the NHL of the Terrace Group as the potential franchise holder and Ottawa-Carleton as the location; the unique site circumstances; limitations in choice and timing.

Young "Street Meet" Admirer

A young admirer appears he might be dreaming of what it would be like to get behind the wheel of this sleek Chevy called "Poison Kandy" at the annual "Street Meet" Vintage Auto-

mobi Exhibition held Monday afternoon in Campbellford. Dozens of beautiful old models were on display and hundreds of people strolled around the grounds for a glimpse. photo/Rolly Ethier

UCO joins Sunoco

The United Co-operatives of Ontario (UCO) has announced the formation of a joint venture with a wholly-owned subsidiary of Sunoco Inc.

UCO and its major supplier of petroleum, Sunoco, will create the venture to expand their services to rural Ontario. Currently, UCO and independent co-operatives—members of UCO—operate 38 Co-Op Gas KBars, have 55 bulk petroleum plants and a home-heating fuel, diesel and propane business. Sunoco will be contributing two bulk operations and a number of rural gas stations to the venture.

The formation of the joint venture is subject to regulatory approvals. Sunoco must also receive approval from its board of directors and from Suncor Inc., its parent company. In September, UCO's Board of Directors and Senior Management will seek the required internal and external approvals to transfer UCO's petroleum assets to the joint venture.

UCO is Ontario's largest farm supply and marketing co-operative with sales and service revenue totalling \$516 million last fiscal year. It has four product divisions—feed, crops, consumers and petroleum.

Redistribution of wealth aim of federal government

By Tom Mitchell

Ottawa—Redistribution of personal income is one of the aims of the federal government system of taxation and transfer payments to people.

Statistics Canada recently released figures on 1989 income before and after tax and transfers. They can provide a measure of the system's efficiency in this regard.

The income study divided the population into quintiles, five sections ranging from the lowest one-fifth of all incomes to the highest one-fifth. Then it looked at how taxes and transfer payments—programs such as family allowance, old age pensions and unemployment insurance—shifted the shares of income among these quintiles.

The study showed that, before any tax was assessed or any transfer payments were made, the lowest one-fifth of the population had just 1.2% of all the income and the highest had 47.2%. After the transfer payments were added in and taxation was taken into account, the lowest quintile's share of the total income pie moved up to 5.6% and the top quintile's share was trimmed

to 40.7%. The second lowest quintile moved from 8.7% before any tax-or-transfer adjustment to 11.6% afterward.

Since the tendency is toward equality when incomes at the low end are increased and those at the high end are reduced, the figures show that the system moved things in the direction of income equality.

The changes made through taxes and transfers were naturally largest at the upper and lower income extremes, where the differences were greatest. At the exact middle quintile, for example, the change was quite small, from 16.9% of the income pie before any taxes or transfers to 17.6% afterward.

Both the money transfers and taxation played their part in the equalization process. In that lowest quintile where the income share was just 1.2% based on income alone, adding in the transfers raised this share to 4.8%. After taxation was taken into account, it moved up another notch to the 5.6% level mentioned earlier. Similarly, the top quintile's share went from 47.2% down to 43.2% with transfer payments in the picture and dropped the

next step down to 40.7% after income tax was applied.

Which of the two, income

taxes or transfers, was more important in terms of equalization.

Jeremy and Nicole Strong of Dundas, Ontario, were having fun on the Marmora Agricultural Fair's merry-go-round last Sunday, along with their mum Susan. Hundreds of people visited the fair daily to see the animals,

entertainment and agricultural displays. The demolition derby on Saturday was particularly successful, as a big crowd watched the crash and bang proceedings.

We are a small but energetic group of parents of handicapped children and adults in Northumberland County who wish to expand our membership to include you!

We have established a number of focuses for our group through several meetings since the spring of this year 1991, and they are:

- * to function mainly as a parent support through sharing information, ideas and experiences.
- * to offer case direction and help in talking to the 'right' people.
- * to have speakers on various topics.
- * to have family days and regular meetings held at an accessible location.

We want as many people as possible to come out and get the support they need. We are looking into arranging care for your disabled child or adult while you attend these meet-

More Abled Than Disabled

by Barbara Bruce-Pealow

Don't let lack of help hold you back!

ings, so don't let lack of help hold you back!

Our next meeting is scheduled for Wednesday, September 18th, from 7 to 9 p.m. at Trinity United Church, 15 Chapel Street, Cobourg.

If you know of any other parents who would benefit from our group, please tell them all about us!

For more information please contact: Colin Sanders, 12 Elgin Street, Port Hope, Ontario.

io. Phone (416) 885-6147 or Laurie Smith 696-3592.

(The above information was provided by Laurie Smith).

Barbara's Note:

Wouldn't it be great if we could pave the way for our physically challenged children and adults and help them to cope with their handicap. Let's help Colin Sanders, Laurie Smith and their group to get this rolling. Just be at this meeting and find out more about it. You won't be sorry.

Mila helps launch centre

When Anne Armstrong-Gibson learned she had cancer, she got the news from her doctor in the middle of a crowded ward. "He said he'd like to discuss it with me but he had to run to a staff Christmas party," she recalls.

Ms. Armstrong-Gibson's experience sent her a clear message; cancer patients need more caring and some times hospitals cannot provide it.

Indeed, a recent survey commissioned by the Ontario division of the Cancer Society found more than 40 per cent of patients and family members complained they received

inadequate information about such aspects of cancer as emotional problems, impact on work and social lives, and possible financial effects. Emotional needs were also reported to be largely unmet.

"The system has to change," says Ms. Armstrong-Gibson. "I had a great support system of family and friends. Not everyone's that lucky. There's simply not enough caring going on."

That need for more caring will be met soon. Ms. Armstrong-Gibson, a partner at a law firm of McMillan Binch and a patient at Princess Margaret Hospital, is pursuing a dream to establish a community facility for cancer patients and their families.

She made her remarks at a recent reception to raise awareness and funds for the Wellspring Centre. Ms. Armstrong-Gibson, chairperson of Wellspring's board of trustees was joined by Mila Mulrone, wife of Prime Minister Brian Mulrone, who has lent her support.

The Wellspring Centre will aim to improve the quality of life for patients. It will focus on providing services for patients, families, friends and health care professionals. Individual and group psycho-social counselling and cancer coping programs are planned. Recreational, leisure, nutritional, vocational and financial counselling programs are also being proposed.

Wellspring will be a meeting place for patients and their families to share their experiences. It will also be a formal meeting place for cancer support groups.

Wellspring will have strong links with Princess Margaret Hospital, Toronto's regional cancer centre, and the Univer-

sity of Toronto. Health care students will have the opportunity to participate in workshops, seminars and intern sessions at Wellspring.

Educating health care professionals to be more sensitive to the emotional needs of patients and their families will be part of Wellspring's mandate. "There are exceptions, but many health professionals need to do a much better job of communicating with patients," says Ms. Armstrong-Gibson.

Ms. Mulrone urged guests to help Ms. Armstrong-Gibson meet her goal of opening Wellspring by the spring of 1992.

This was sent to me from Barbara-Rose in Ottawa.

Chocolate Zucchini Cake

- 2 cups flour
- 1 tsp. cinnamon
- 2 1/2 tsp. baking powder
- 1/2 tsp. baking soda
- 1/2 cup cocoa
- 3/4 cup vegetable oil
- 2 cups white sugar
- 3 eggs added 1 at a time
- 1 tsp. vanilla
- 1/2 cup milk
- 2 cups grated zucchini

Sift first five ingredients together. Mix remaining ingredients into dry ingredients. Pour into Bundt pan. Bake 350 degrees for about one hour. Frost.

Zucchini Bread

- 3 cups flour
- 2 teaspoons cinnamon
- 2 teaspoons baking soda
- 1 teaspoon salt
- 1 cup chopped nuts
- 3 eggs
- 2 cups sugar
- 1 cup vegetable oil
- 2 teaspoons vanilla
- 2 cups grated unpeeled zucchini (peel if you want)

Stir dry ingredients together. Add remaining ingredients, beating well after each addition. Pour batter into two well-greased loaf pans. Bake at 350 degrees for one hour. Makes 2 loaves.

P.S. Helen, let me know if these are the recipes you requested.

Chow, see you next week.

OPP Report...

Break-in reported at St. Mary's Rectory

A break-in was reported at St. Mary's Rectory in which a quantity of money was stolen. The theft was reported on Sept. 1st. The thief is believed to be of small stature.

On August 26th Joe Jackson of Scarborough reported that his 9.8 h.p. Mercury outboard motor was stolen off his boat at his cottage on Cordova Lake.

The O.P.P. are investigating a theft of a 20 h.p. Johnson outboard motor from Stevenson Marina east of Hastings. This occurred between August 28th and September 1st.

On August 29th a 1979 GMC van operated by Mrs. Reiniera Thompson of RR 4, Marmora was southbound on Front St. in Campbellford when it struck a parked vehicle owned by Lynn Geikie of Orono. The 1990 Toyota received minor damage. The van continued on and struck a second parked vehicle, a 1982 Pontiac, owned by Gary Walker of Campbellford. There were no injuries. Charges are pending.

Linda Tarzwell of RR 4, Marmora was operating her 1990 Plymouth Sunbird eastbound on the 13th Conc. Rd. of Seymour Twp. east of County Rd. 50 when she met a westbound vehicle on the crest of a hill. Tarzwell moved over to her right and caught the edge of the road, lost control, and entered the ditch. Tarzwell received minor injuries. The vehicle was severely damaged.

The O.P.P. received a call from Robert Schwab of Burlington early in the morning of Sept. 1st reporting his vehicle stolen. Shortly afterwards the vehicle was recovered severely damaged in a ditch at the corner of the 8th Conc. Rd. of Belmont Twp. and

Browns Line. As a result of the investigation, the owner was charged with mischief. The driver of the vehicle when the accident occurred, Justin Winterbottom, of Burlington, was also charged. The vehicle was severely damaged.

On September 1st a 1987 Dodge operated by Janet Leahy of RR 8, Peterborough was stopped eastbound for other traffic in the area of Sama Park, approximately 7 km east of Havelock, when she was hit from behind by a 1984 Toyota that was being driven by Allan Smith of Fort Erie. A passenger in the Leahy vehicle, Kyle Coulter of RR 2, Keene, received minor injuries. Charges were laid.

On September 2nd at 6 a.m. Alina Czyski of Toronto was travelling westbound on the 11th of Percy when she entered a sharp left curve and lost control of the vehicle. The vehicle struck a stone and veered across the road, entered the ditch and rolled over. There were no injuries. The vehicle was severely damaged.

The O.P.P. laid two Impaired Driving charges and nine Liquor offence charges. Also a further charge of Impaired Boating was laid by the Marine Patrol. Six accidents were also investigated.

Anyone with information on these crimes or any crime is requested to contact their local O.P.P. or they can call Crime Stoppers at 1-800-461-6555.

What is Crime Stoppers? Crime Stoppers is a non-profit program relying on co-operation between the police force, news media and the citizens in our area. Crime Stoppers encourages people to call the police with information

to solve crimes already committed, those about to occur and/or the whereabouts of wanted persons. If your information fits this criteria and leads to an arrest, Crime Stoppers offers you a method in which you can pass this information on to the police and you never have to reveal your identity. At the same time, you will be eligible for a cash reward, also paid anonymously. The rewards run to \$1000 depending upon the weight of your information.

Bus.: (613) 966-6568
Res.: (613) 968-3010**Waste Reduction Week,
September 29 - Oct. 6**

The Future is R's! Reduce, Reuse, Recycle. That's the theme for Waste Reduction Week '91, Sept. 29 - Oct. 3.

Ontario's Challenge is to reduce its solid waste stream by 50 per cent by the year 2000. That's only nine years to make the 3R's every day habits.

What are the 3R's?

Reduce means reducing the quantity of waste produced.

Reuse means using an item again in its original form for the same or for a different purpose.

Recycle means manufactur-

ing waste materials into new products.

To draw special attention to the amount of garbage we throw out, the Recycling Council of Ontario has marked Wednesday, Oct. 2 as Zero Garbage Day. Every Ontario is asked not to generate any garbage for a day - and that doesn't mean saving it for the next day!

Waste Reduction Week is organized by the Recycling Council of Ontario. For more information, call the hotline at (416) 480-7326.

NEW & USED APPLIANCE SALE RUNNING TILL THANKSGIVING WEEKEND

Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the most important & expensive part on a refrigerator. We buy compressor motors 100 at a time directly from the manufacturer. This way we can rebuild refrigerators cheaper than our competition. We have just purchased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment size & 2 door frost-free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from 2 months old & up. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers and air conditioners.

Smitty likes competition - it keeps one on their toes & prices in line. Smitty says check our competitors out & then come to Smitty's & browse thru our warehouses & see what we have to offer. You are not obligated to buy, just come & see for yourself our very clean & modern appliances. We take trade-ins. We have our own financing with no interest & same day delivery. If you are thinking of buying or selling your appliances, see Smitty just for an honest price.

WE JUST DON'T SELL APPLIANCES, WE GUARANTEE THEM AFTER THE SALE.

THERE IS A DIFFERENCE

Gusty winds resulted in many scenes like this one at the Crowe Lake Yacht Club's regatta held in Marmora last weekend. This scow, skippered by Tom Boland pictured crawling on

the hull trying to upright the craft, was one of eight entries in the regatta. Boland ended up a respectable third spot in the mono-hull class after his troubles on Saturday.

Fears about rising auto insurance rates premature: MPP Buchanan

Auto insurance officials are predicting industry profit losses if Ontario introduces a province-run insurance program, but local MPP Elmer Buchanan says these fears are premature.

"The government's proposals are still being developed," Buchanan said in a press release.

"Guesses by the insurance industry about the government's approach are just that, guesses. I don't have the details and they certainly don't."

"Naturally, they are concerned about their profit

margins. We're concerned about an efficient service with lower premiums."

Buchanan was an advocate of driver-owned insurance in the last two elections.

"We're a different province from BC, Saskatchewan, Manitoba and Quebec, so I expect our approach will be different from theirs," Buchanan said. "I'm waiting to see the Ontario proposals when they come to cabinet for discussion and later released to the legislature and the public. Then the companies, the insured and the workers in the industry will know what

they're talking about."

Buchanan welcomes questions and comments on car insurance from his constituents.

"That kind of input would help me in my assessment of the proposals when they are brought to cabinet," he said.

Brian Charlton, Minister of Financial Institutions, says he expects to present his recommendations to cabinet, and then to the legislature, in October.

Board updating technology program

Approximately \$325,000 in provincial grants will help the local public school board update their technology programs this year, according to a board press release.

Technology facilities at Trenton High School, Belleville Collegiate Institute, Moira Secondary School, Centennial Secondary School and North Hastings High School will undergo extensive renovations in 1991. Programs will be modified and new equipment will be purchased to comply with recent Ministry of Education guidelines in broad-based

technologies.

Belleville Collegiate Institute and North Hastings High School will be developing programs in construction technology; Trenton High School and Moira Secondary School will implement manufacturing technology programs; and Centennial Secondary School will offer a transportation technology program. Moira's manufacturing program will focus on aerospace applications.

Components of each of these programs will include generic

OPP Report... Marijuana possession charge laid by OPP

While on patrol in the Village of Marmora at 12:30 a.m. on Aug. 30 Provincial Constable Cal Gainforth checked a vehicle. The occupants of the vehicle were found to be in possession of a substance believed to be marijuana. William Chard, 33, of Marmora and another person who cannot be identified under the Young Offenders Act, were charged with possession of a narcotic.

On Sunday Aug. 25 at 3 a.m. Madoc OPP received a report of a break and enter in progress at Cartha Cassidy T.V. and Appliances in the Village of Tweed. The witness was able to give responding officers an excellent description of the suspects and the vehicle they were using. When the suspects left the area the witness guided officers in the right direction and the suspects were stopped and arrested. A quantity of stolen property was recovered from the suspect vehicle and four persons were charged for their participation in the offence. The persons charged are: Gary Wayne Vance, 39, of Belleville, Larry Samuel Downer, 22, of Belleville, Shawn E. Downer, 18, of Thomasburg, and Joanne Elizabeth Welch, 28, of Belleville.

The suspects were charged with break and enter and possession of stolen property. They will appear at a bail hearing on Monday, Aug. 26.

On Aug. 25 at 2:15 a.m. Provincial Constable Don Creelman attended the scene of a vehicle up against a small rock face on Hayes Street in Marmora. The driver of the vehicle was still in the vehicle when the officer arrived. A quantity of beer was also seized from the vehicle. Donald Logan, 27, of Stirling was charged with care and control and having liquor.

On Aug. 19 at approximately 10:45 a.m. Provincial Constable Bill Baker was dispatched to the Dellars I.D.A. Pharmacy in Tweed. An employee at the pharmacy had become suspicious of a prescription presented by a male person. Constable Baker remained in the store until the person returned to pick up his prescription.

Arrested and charged with uttering a forged document was John Watson, 34, of Napa-

nee, Ontario. Watson will appear in Provincial Divisional court in Belleville on Sept. 5.

Madoc officers are presently investigating the theft of a 12 foot Reynolds aluminum boat and a 6 hp Johnson outboard from Rashotte Park, Tweed. The owner of the boat and motor reported them missing at 8:10 a.m. on Aug. 21. A chain securing the boat and motor had been cut. On Aug. 22 the boat and motor were recovered, however, no suspects were apprehended.

On Aug. 21 at 2 p.m. Mark Davies, of Hillier, Ontario reported a theft of his 24 foot Prowler house trailer. The trailer had been parked on a lot approximately two kilometres east of Marmora near Highway 7. It had been there for two months prior to its theft.

On Aug. 22 at 11:45 a.m. a Madoc officer was dispatched to the Arsenic Treatment Plant in Deloro. Two male persons had been seen wandering around the property. Upon arrival Provincial Constable Rob Gardiner located two persons fishing in the river located on the property. After the officer explained that the persons were trespassing in an arsenic treatment plant, they left the area.

While on patrol at 1:50 a.m. on Aug. 24 Provincial Constable Don Creelman noticed an A.T.V. northbound on County Road 3. The driver was not wearing a helmet. Upon stopping the A.T.V. the driver was arrested for impaired driving. Bradley Hartwick, 35, of Marmora Township will appear in Ontario Court, Provincial Division on Sept. 26.

Officers from Madoc detachment would like to remind all users of area road that school starts on Tuesday, Sept. 3. Once again we will see an increase in the number of young people walking or cycling along area roads. The familiar yellow school bus will also reappear. As drivers we all have a responsibility to ensure our children are safe as they go to and from school. A bit of extra care by all of us will ensure a safe, happy school year for our children. A tragedy involving school children or young adults is not easily forgotten. Remember our students are carefree not careless.

Queensborough Street Dance

Johnny Pearl and Big Swing were pumping out the tunes during the Queensborough Street Dance held last Friday night from 8 p.m. to 12

a.m. The dance was held in an attempt to raise money for playground equipment for the local children.

Queensborough residents were dancing in the streets last Friday night, during the Harvest Festival Street Dance. The dance which was

held in an attempt to raise money for playground equipment, was well attended by local residents.

Village to build new facility for phosphorus removal

by Jeff Wilson

The Village of Madoc received a provincial grant to construct a new facility to remove phosphorus materials from the lagoon.

Currently the phosphorus materials are removed by using a boat to spread alum around the lagoon twice a

year. Under the new system to be built the alum will be introduced into the lagoon through a large alum storage tank that will be enclosed in a building beside the lagoon, according to Clerk/Treasurer Doug Parks.

The Ministry of the Environment will fund 83.4 per cent of the project, Parks said.

Madoc Village council instructed the clerk to contact the contractor who submitted the lowest bid and notify him to begin the project. The construction should take about a month, Parks said.

The new system will be more efficient and much less time consuming, Parks said.

Board updating technology program

Cont'd from page 6
broad-based skills, multiple credits and co-operative education or secondary school workplace apprenticeship program placements.

In addition, through an agreement with Loyalist College, students enrolled in the new technology programs will be eligible to receive recognition of specific secondary school programs when they enter a related community college program.

\$250,000 grant

These moves have been made possible through grants from the Ministry of Education. A provincial anti-recession grant of \$250,000 will be used to renovate the facilities in each school and an equipment grant of \$75,000 will be used to purchase new equipment at Trenton High School.

An additional equipment grant of \$225,000 will be available in 1992 for the other schools.

Under the conditions set forth by the Ministry of Education, the HCBE will provide an additional \$25,000 in 1991 and \$75,000 in 1992 towards the purchase of new equipment.

The multi-year plan for updating technological education will continue to be a Board priority. Monitoring of the development and implementation of the plan will be done by the board's technological education planning committee.

Harry Todd was one of a few volunteers out to help with landscaping around the swimming pool area last Saturday. The swimming pool

area is almost complete, while work still continues on the lawn bowling facility.

Madoc resident wins lottery prize

Aug. 17, 1991, will be a date that always bring a smile to the face of Phyllis Jones.

This was the day the Madoc resident won \$200,000 in the Wintario weekly lottery during the Wintario extra draw. Jones purchased her single ticket at the Eldorado C

Factory.

In a statement from the Ontario Lottery Corporation, it said she would share her winfall with her family.

She has two children and six grandchildren.

Village fire department responds to false alarm

The Madoc Village Fire Department responded to two false alarms at Brookside Villa, last Friday.

together, and the heat been too close to the sensor, said.

The first call came as a result of a heat sensor being touched off in a north unit of the Wellington Street building, Fire Chief Roger Snider said. Upon arrival at the scene the department found that a housing authority employee was attempting to solder a pipe

The second call came about 3:30 p.m., upon arrival on the scene the firemen found a burnt out motor in a garbage room was smoldering and had tripped the alarm, Chief Snider said.

He said there were no injuries or damage in the incident.

Local resident and organization receive conservation award

by Jeff Wilson

Madoc resident Don Smith and Kiwanis Club of Madoc were both presented with the Conservation Award of Merit from the Moira River Conservation Authority (MRCA) last Thursday.

The MRCA held its first annual awards ceremony at the Authority's head office in Belleville, and presented the Conservation Award of Distinction to Tom Longwell of Prince Edward County for the 100 acres of prime agricultural land he left to the MRCA in his will, and the Conservation Award of Merit to Don Smith and the Kiwanis Club of Madoc for its restoration of shoreline of Moira Lake.

In a speech Tom Stephens, chairman of the community relations, and education advisory board of the MRCA told the audience the three "R's" of old, reading, writing and arithmetic have been replaced with a new set that includes rehabilitation, restoration, and recycle, and the award recipients had demonstrated these characteristics. He said recipients of the Conservation Award of

Distinction must display a long term and outstanding commitment to the conservation of natural resources in the Moira River watershed; while the recipient of the Conservation Award of Merit must complete a short term or single event environmental project or activity.

In his presentation speech to Don Smith and the Kiwanis Club of Madoc, Stephens said Smith deserved the award for restoring the west shore of Moira Lake and turning it into a parkette. He said Smith contacted the Ministry of Natural Resources and the Huntingdon Township who gave him permission to put his plan into effect. Then with the co-operation of the Kiwanis members, Smith and the Club gathered material including landfill, lumber, trees, grass seed and other things, Stephens said.

They took those materials and after three years of hard work created a boat launch, swimming area, and a shelter for picnicking.

Upon accepting the award, Smith said it was "unexpected

Cont'd on page 7

Madoc resident Don Smith (left) accepts the Conservation Award of Merit for his work on the west shoreline of Moira Lake. The award was presented by Tom Stephens, chairman of

the community relations and education advisory board of the Moira River Conservation Authority, and Elzevir Township council.

Madoc school welcomes new staff members

Brenda Burris

Barb Chappelle

Madoc Township Public School has added two new staff members to its roster for the beginning of this new school year.

Teachers Brenda Burris and Barb Chappelle have been added to the Madoc Township School teaching staff.

Burris previously taught Grade 4 at Madoc Public School, but her position "became redundant", so she was transferred to Madoc Township. She said she was pleased she was transferred to Madoc Township because she attended the school when she was a young girl.

Burris has been asked to work with students from Junior Kindergarten to Grade 5. She will be working with some students on subjects like

math and phonics. Burris is replacing another teacher who is on maternity leave. She said she hopes to stay on after December.

Chappelle has returned to Madoc Township after a three year absence. She previously taught special education and gifted students at the school for three years.

Chappelle also is roaming from class to class teaching some special education students, as well as remedial reading to Grade 5 students. She also will cover for primary teachers when needed.

She said it feels like she has never left. Chappelle also said the staff at the school are "warm and friendly" people.

Leaders needed for Beaver group

The Beavers' organization for young boys is in desperate need of at least one leader, or the program will have to fold.

The leader position is a volunteer position. Leaders are expected to supervise the boys aged five to seven years old during the weekly Wednesday night meeting from 6 to 8 p.m. A leader would also be expected to supervise a few outings including Apple Day, and the Beaverree. Volunteers also are needed to occasionally assist Cub and Scout leaders.

People interested can contact Rick Barbeau 473-2044.

Building to be torn down for future project

Durham Street will be minus a building in the near future. The building adjacent to the McConnell Funeral Home currently is being torn down.

The land, which is owned by the funeral home is being "cleaned up", according to funeral home Director Jim McConnell.

He said the trees in the back of the lot also will be cleared.

McConnell said the land eventually will be used for parking and an addition on the funeral home building, when

the finances become available.

OBITUARY

ARTHUR FLEMING

Arthur Andrew Fleming passed away on Aug. 13, 1991, after a short illness, at the Fabeth Home For the Aged in Marmora. He was 92.

Mr. Fleming was born in Huntingdon Township, the son of Nicholas and Charlotte Fleming, and the brother of the late Richard, John, Delbert and Donald, and the late Ethel, Lillie, Frankie, Pearl, Martha and Bessie.

He was the dear husband of the late Gladys Blakely. Mr. Fleming was the loving father of Jack Fleming, Toronto; Mrs. Jerry Mann (Mari-

ANDREW FLEMING

lyn), Foxboro; Mrs. Ken Adams (Lorraine), Madoc; and the late Don Fleming, Foxboro.

He was the loving grandfather of ten grandchildren, and dear great grandfather of three great grandchildren.

Mr. Fleming was employed as a farmer.

His funeral was held on Aug. 15 at 2 p.m. at the McConnell Funeral Home.

Rev. J. McEwen conducted the services at the White Lake Cemetery.

Pallbearers were grandsons Jim Fleming, Paul Fleming, Dan Adams, Scott Adams, Shawn Adams, and Keith Gibbs.

Eight new wildfires in Tweed District

Fire fighters from the Ministry of Natural Resources and local townships have been kept busy this past weekend in the Tweed district. A total of eight new wildfires have sprung up since Aug. 30, says a press release from the MNR.

Half of the new fires were lightning caused, with the largest reaching eight hectares (20 acres) in the Deerock Lake area north of Flinton. This blaze has been brought under control by firefighters.

Fire crews from Maple, Huronia, Lindsay and Carleton Place were brought in to assist the regular MNR and auxiliary Tweed crews. In addition, two helicopters were utilized to transport the fire fighters and equipment into the bush.

All of the new wildfires are expected to be brought under control soon. The fire hazard in the Tweed District will remain in the High range for the next several days and additional fires are anticipated.

Everyone is advised to take extra care with smoking materials when in outdoor areas and ensure that all cooking and camping fires are completely extinguished.

Madoc Township Council Minutes

That Council approve of the Compensation Policy drafted by the Centre and South Hastings Waste Management Steering Committee, moved by Pigen, seconded by Sager. Carried.

That Council go into bylaws, moved by Pigen, seconded by Robinson. Carried.

Bylaws:
828-91 given third reading to rezone Pt. Lot 24, Conc. 9 from Prime Agricultural to Rural Residential (Chamberlain).
829-91 given three readings and passed to declare Purple Loostrife a local (noxious) weed.

830-91 given two readings to rezone Pt. Lot 20, Conc. 3, from Prime Agricultural to Rural Residential.

That Council resume, moved by Foley, seconded by Sager. Carried.

Councillor Sager declared a Conflict of Interest with the next item (Consent application B317/91) and did not take part in the discussion of the item.

That Council approve Consent application B317/91 providing the \$350 Capital Development levy was charged, moved by Pigen, seconded by Foley. Carried.

That the questionnaire from the Ministry of Municipal Affairs regarding the proposed Livingwood Developments subdivision be referred to the municipal solicitor for his comments, moved by Foley, seconded by Sager. Carried.

That for the upcoming municipal elections, Deputy Returning Officers be paid the rate of \$100 per day and Poll Clerks at the rate of \$95 per day, moved by Sager, seconded by Foley. Carried.

That the Clerk advertise for sale by sealed bid, the small piece of municipal property located adjacent to Highway 62

in Lot 17, Concession 5. Bidders will require to pay for survey, legal costs and other documentation required to close the deal over and above the bid price. Highest or any bid not necessarily accepted, moved by Robinson, seconded by Pigen. Carried.

That the Clerk draft a letter to the Fire Chief in offering congratulations on completing the Fire Officers Training Program through Dalhousie University, moved by Robinson, seconded by Sager. Carried.

That Township Council advise Mr. Mike Ryan that the County of Hastings has retained a forty foot strip of land in front of his property and he should therefore consult with the County Roads Department regarding his concerns with his driveway maintenance and access, moved by Sager, seconded by Robinson. Carried.

That Council petition the Regional Assessment Office to commence reassessment of the Township of Madoc, moved by Pigen, seconded by Sager. Carried.

After some further brief discussion, Council adjourned.

Madoc Township Council held a regular meeting Sept. 3 at 7:30 p.m. Reeve Harold Harris, Deputy-Reeve Mary Pigen, Councillors Ray Robinson, Robert Sager, Duane Foley, Road Superintendent T. Bruce and Chief Building Official D. Keller were present.

To adopt the minutes of the August meetings as circulated, moved by Sager and seconded by Foley. Carried.

To approve Road Voucher 8-91 with the exception of the

invoice from Royel Paving in the amount of \$22,641.67 for surface treatment of Concession 8 Road until inspected by the Ministry of Transportation to determine whether the quality of work is satisfactory, moved by Robinson, seconded by Pigen. Carried.

That the Clerk contact the municipal solicitor to instigate procedures to close a section of the old Cooper-Bannockburn Road in lot 26, Concession 8, moved by Sager, seconded by Foley. Carried.

That Powerscreen Rentals be hired for rental of screening plant and stacker for winter sand, moved by Foley, seconded by Robinson. Carried.

That the Clerk send a letter to Mr. Duncan McBreath, Mr. Ron McBreath, Mr. Wm. McBreath, Mr. Jack Reynolds and Mr. R. Freaque to advise them that the section of road running along the north edge of Lot 5, Concession 2 and then northerly to approximately the line between Lots 5 and 6 is an open, maintained municipal road, moved by Robinson, seconded by Sager. Carried.

That Council support the Township of Tudor and Cashel in opposition to the Draft Report of the Tree Bylaws Advisory Committee, moved by Sager and seconded by Foley. Carried.

To approve the Aug. 7 minutes of the Madoc and District Recreation Centre meeting, moved by Pigen, seconded by Robinson. Carried.

That Council approve the minutes of the August meeting of the Madoc Landfill Site Committee, moved by Sager, seconded by Pigen. Carried.

That we approve the August minutes of the meeting of the Madoc Township Recreation Committee as circulated, moved by Robinson, seconded by Foley. Carried.

To approve the August Recreation Centre Voucher in the amount of \$2,982.84, moved by Sager, seconded by Foley. Carried.

That Council approve General Voucher 8-91 as circulated, moved by Pigen, seconded by Robinson. Carried.

That we approve the Arena vouchers 7-91 and 8-91 as presented, moved by Sager, seconded by Pigen. Carried.

That we advise the County Planning Department that Council has no objection to the Official Plan amendment application submitted by Deulan Properties in Part of Lot 1 Concession 7 in Madoc Township (part of the Village of Madoc) providing it does not adversely affect existing uses located nearby, moved by Foley, seconded by Robinson. Carried.

Council approves land sale to Co-op

Madoc Village council approved the sale of about four acres of its property to the Madoc Co-op during the last regular council meeting.

The land was part of about 12 acres of Canadian National (CN) rail property the village recently purchased.

Madoc Co-op proposed to pay \$4,200 for the property, and \$6,000 in installments over

three years for the installation of water and sewer lines. Council unanimously approved the proposal.

Clerk/Treasurer Doug Parks said the property sale was to tidy up a messy issue. A portion of the Co-op's building sits on the land, and Parks said the property also give the Co-op access to the back of their building.

Village fire department replaces three firemen

The Madoc Village Fire Department recently replaced three firemen on its crew.

The three volunteer firemen had to leave for various reasons. Kelly Stewart moved out of the area, Don Bjorn Dahl because of an illness and Harry Todd because of his work.

Three replacements have stepped forward, including Derek Snider, Larry Carswell Jr. and Robert Hyatt. The new recruits will have to complete a basic firefighting course, as well as a session at the lower in Trenton, Fire Chief Roger Snider said. The new recruits are on probation for a period of six months, he said.

OPP outlines points for securing firearms

Every year from mid-September until the end of October, Madoc detachment receives a large number of Firearms Acquisition Certificate (FAC) applications.

Many of the applicants are under the impression that this is a walk in, walk out process. To prevent disappointment, the officers from Madoc OPP would like to emphasize the following points: applicants must be 16-years-old; any previous FAC must have expired; in most cases at least two weeks are required to complete a FAC investigation; if the applicant has not lived in the Madoc detachment area

for the past five consecutive years the investigation takes much longer; the cost of a FAC is still \$10 payable by cash or money order; a FAC is valid for five years from date of issue.

We are now in the second school week. Officers from Madoc detachment are pleased to report there were no incidents involving school children. The co-operation of all motorists and members of the public is greatly appreciated. As road users it is up to us to keep our young people safe. Think about it - give a kid a chance.

Dates to Remember

Sexual assault by acquaintances more common than suspected

Say the phrase "sexual assault" and most people think of the stranger lurking in the alleyway, the threatening attacker in the underground

parking garage. But what about the woman who goes out with a man and is expected to repay the cost of dinner by having sex? Or the

husband who comes over to see his estranged wife and rapes her?

The fact is, sexual assault by someone a woman knows is

much more common than attacks by strangers. And while dark, deserted places can be dangerous, most sexual assaults happen in homes or cars.

This is just one of the myths about sexual assault that many people still believe. The Ontario Women's Directorate is trying to put some of these myths to rest, by telling the public that sexual assault, in all its forms, is a serious and widespread crime.

"Sexual assaults happen when men use the power they have in our society to control women through fear," explains Anne Swarbrick, Ontario's Minister Responsible for Women's Issues. "And whether a woman is sexually assaulted by a stranger or by a friend or co-worker, it's a traumatic experience that can leave her with long-term psychological scars."

People often think of sexual assault as rape, but it can be any unwanted act of sexual nature. That includes many kinds of touching. Conservative studies show that one in four women will be sexually assaulted in her lifetime, and some estimate that number is as high as one in two.

Have you ever heard someone say that a woman "asked

for it" because of what she wore or what party she went to? The victim of sexual assault is still often blamed for what happened. This can make a woman feel so guilty and ashamed that she doesn't call the police or tell anyone. Most sexual assaults are never reported.

Have you ever noticed that, in TV shows, movies or rock videos, women are often shown as enjoying rape and other forms of sexual assault? This is one reason some men think that when a woman says "no" Cont'd on page 5

Former MPP Adams to attend Havelock run

by Pat Deline

Havelock's 11th annual Terry Fox Run will take place Sunday, Sept. 15, from the Havelock Legion, with former Peterborough MPP Peter Adams slated to attend.

We invite runners from the surrounding areas such as Marmora, Campbellford, Norwood and Hastings to join us in this very worthwhile cause. Get a group together and help us make this our best year ever.

Last year, we raised more than \$11,000 mainly through the efforts of Ernie Hamilton, who raised more than \$8,000. We placed second in the top 20 per capita in the Terry Fox Run in Ontario.

Ontario continues to be responsible for over one-third of the money raised across Canada, more than any of the other provinces. The 1989 Run in Ontario raised \$2.68 million and in 1990, \$3.15 million.

Cancer rates rising

More than ever, money for research is needed with the rising incidence of breast cancer in women and prostate

cancer in men.

Our official start will be at 10 a.m. with presentations. For those who want to start earlier, the registration will start at 8 a.m. To participate, a pledge sheet with sponsors or a donation is all you need. Pledge sheets can be obtained by any Post Office, and the following places—in Havelock: the Legion, Joss Enterprises, Beckers, Mac's Havelock Bird's IGA, Hamilton's Drugstore, Cheese House, J.C. Chicken, the Crossroads and at Stedmans (also in Norwood and Campbellford.)

There will be free refreshments for participants and prizes. Sean Eyre is to be on hand, along with our ever-faithful participants Peter Adams and Little John.

Please come and bring a friend or your family. Walk, jog, run, ride a bicycle, horse skateboard or whatever around the ten kilometre route, twice around the streets of Havelock. See you there.

(Pat Deline is a member of the Havelock Cancer Society.)

Norwood midget's bid for Ontario title falls short

Highgate - Behind a solid 19-hit barrage, Highgate roared to an 18-4 win over Norwood Saturday to take their 1991 ORSA midget final series 2-0.

The Carter Concrete/Archer Trucking midgets were edged 8-5 in the championship opener September 1 and needed two straight wins on the road to claim this year's title but Highgate's bats were fully loaded and just too tough to match up against.

After shutting down Norwood in the 1st inning, Highgate managed to score their first three batters punching out three doubles and a home run. But Norwood fought back and narrowed the gap to 3-2 in their half of the 2nd.

Then the home side exploded for five, 2nd inning runs to make it 8-2 and did the same thing in the 3rd to run up a 13-2 lead.

Norwood's Terry Redpath scored in the 4th and then Dan Rutherford added a fourth run in the fifth to cut the lead to 13-4. But after shutting down

Highgate in the 4th, Norwood allowed two 5th inning homers which put them behind 16-4.

The new champs added two more in the 6th.

Picking up two runs for Norwood was Redpath while Rutherford and Steve Montgomery added one each. Rick Murray led Norwood's hitters with a single and double while Dave Maybee and Rutherford each had singles.

Notes: The series opener was a lot closer with Norwood building up a 5-0 lead before

succumbing to a Highgate rally in the 6th and 8th innings. Leading the way for Norwood was Dwayne Crawford who pounded out a home run and two singles while Dan Rutherford belted out a double and a single...Also nailing extra base hits were Andrew Hamilton, with a triple, and Terry Redpath who sliced out a double; Bob Wilford, Jason Jones and Rick Murray had singles...Scoring for Norwood were Wilford, Hamilton, Rutherford, Crawford and Jones.

Renowned photographer will give slide show at Trent University

Peterborough Renowned nature photographer, Courtney Milne, will give an 80 minute slide show and talk at Trent University's Wenjack Theatre on September 27.

The show, entitled "The Sacred Earth," is being sponsored by the Peterborough Photo Society and is one of 20 Mr. Milne will be giving during

Cont'd to page 7A

The Ministry of Health has set up a 1-800 telephone number to answer questions about the new health cards which replace OHIP numbers.

For information on the health cards call 1-800-268-1154 between 8 a.m. and 9 p.m. from Monday to Friday. Questions about lost cards, new cards, turning 65, travelling and obtaining treatment outside of Ontario can also be answered.

Service is available in English and French and seven additional languages.

As of July 1st patients needed the new card to show eligibility for Ontario health card benefits, and providers could no longer bill for services under the old OHIP numbers.

This deadline ends a six-month transition period that allowed providers and residents to switch over to the new health cards.

It is estimated that more than 98 per cent (9.7 million) of eligible Ontarians now have their cards and about another 95,000 applications have been approved and cards will be received shortly.

Ontario residents who do not have a health card should obtain a registration form for Ontario Health Coverage from their local ministry office or by calling 1-800-268-1154.

It takes six to eight weeks for eligibility to be verified and the card delivered.

Lack of a card should not prevent eligible residents from seeking health care.

A special form allows doctors, hospitals and other health care providers to collect the necessary information to bill the ministry for any services provided. The patient fills out a second part of the form and sends it to the ministry to apply for a card.

More Abled Than Disabled

Health Ministry sets up health card hotline

stry to apply for a card

Reminder: To the parents of handicapped children and adults. Don't forget the meeting, Wednesday, September 18th, from 7-9 p.m. at Trinity United Church, 15 Chapel Street, Cobourg.

For more information: Mr. Colin Sanders 416-885-6147 or Laurie Smith 696-3592.

Regional Dialysis Unit

Dialysis patients in the Durham, Haliburton, Northumberland, Peterborough and Victoria area no longer have to make the long drive to Toronto for treatment.

On July 15, Oshawa General Hospital began treating hemodialysis patients in the Regional Dialysis Unit.

Previously, many of these patients had to make the trip to Toronto three times a week, and some had to travel as far as Mississauga to receive treatment.

The new unit, which is designed to readily expand to ten stations, operates six days a week with five stations currently in use.

At this time, 20 patients are receiving treatment. It is anticipated that number will reach 30 shortly.

Total capital cost of the unit was 1.4 million. Operating costs of the unit will be 1.5 million for the first year.

The unit, which represents a co-operative effort between the Durham Regional District Health Council and the Hal-

burton, Kawartha, Pineridge District Health Council, is a major new service associated with the expansion and re-development of Oshawa General.

West Park opens Post-Polio Clinic

West Park Hospital, Toronto, recently opened a Post-Polio Clinic.

This is good news to the more than 5,500 potential sufferers of post-polio syndrome in Ontario. Also known as poliomyelitis, this syndrome causes a host of disabling symptoms in people who had polio earlier in life.

In 1986, West Park established a pilot clinic to assess post-polio syndrome and collect data for the purpose of determining if a permanent clinic was necessary.

The finding confirmed the need for a clinic to treat the growing number of polio survivors experiencing new symptoms.

A Trent River reader requests a recipe for green tomato mincemeat:

Green Tomato Mincemeat

2 quarts green tomatoes, chopped
4 quarts water
1 quart apples, chopped
1/2 lb. suet, chopped
6 1/2 cups brown sugar
1 lb. raisins
1/2 lb. mixed peel, chopped
1 cup vinegar
salt
1 tablespoon cinnamon
1 tablespoon cloves
1 tablespoon nutmeg

Wash and steam green tomatoes, chop finely and measure two quarts. Add 4 quarts water. Boil gently for 1 hour. Let stand overnight.

Drain. Add next six ingredients and salt to taste. Mix well, then boil gently for two hours. Add spices. Bottle and seal.

Chow, see you next week.

Farmers argue they are at disadvantage with U.S. counterparts

By D. F. Young

Many Ontario farmers argue that they are at a competitive disadvantage with farmers in the United States because of higher input costs. A recent study compares some of the farm input costs for Ontario with those of the adjoining states—Michigan, Minnesota, Wisconsin, Ohio, Illinois and the northeastern states.

The study included data from the years 1988 to 1990 where available. The authors caution that a study of price comparisons is difficult because of a number of reasons including sales volume, conditions of sale, price fluctuation over time and the value of the Canadian dollar in particular.

In some instances cost may vary as much or more within a given region than between Ontario and some of the states. The inputs included in the study include fertilizer, pesticides, fuel, feed, seed, machine, land, interest rates, labor and taxes.

The study found that for fertilizers, prices are not necessarily higher in Ontario, with several products selling

at lower costs in southwest Ontario than in comparable U.S. regions. Pesticides, however, do tend to treat the Ontario pesticide market as separate from U.S. because products cannot be purchased in U.S. and brought free into Ontario.

Also, the range of chemicals available in Ontario is not equal to some states because of the registration requirements. Ontario farmers were at a price disadvantage when purchasing diesel fuel. This difference, however, would be fairly small if federal rebates resulted in zero taxes being paid by farmers on fuel.

Feed costs varied from region to region with the difference between costs greater within the U.S. than the difference between Ontario prices and those in the neighboring states. The price of corn seed was found to be higher in Ontario in contrast to the prices of soybean seed which were not significantly higher.

A glance back at the Norwood Lioness Club's busy year

By Christine Orton

Norwood - The last meeting for the 1990-91 Lioness Club proved to be very eventful and climactic. We were honoured with the presence of Lions Club President Jim Crawford, Lion Ron Scott and Lion Governor Frank Stewart.

The Norwood Lioness Club started the meeting with the induction of two new members: Georgina McNeil and Pat Townshend. Lion Governor Frank Stewart selected this induction as his first official duty as Lion District A3 Governor.

Lion Ron Scott commented on the event by saying that Lion Frank was shaky but handled it well.

The next bit of business was the correspondence for the month of June. The Norwood Lioness Club donated \$100 to the Victorian Order of Nurses which is known to provide health services to several in the Norwood community.

St. Andrew's Church thanked the Lioness Club for the use of their chafing-dishes. Sofia Monton thanked the Lioness Club for a very enjoyable Tour of Homes. The Norwood and District Community Care wrote the club to thank us for our recent donation. Joanne Rough, a teacher at NDHS, thanked the Norwood Lioness Club for our assistance in helping her attend the Jamaica Self-Help Program this summer.

The last thankyou came from the Home for the Deaf; and for our donation they sent us a badge representing their worthy organization.

Busy committees

Every year at the last meeting each Norwood Lioness Committee must submit a written report reflecting all of the activities for that year. After listening to all the reports, one must give this club a pat on the back for a very meaningful and eventful year.

The **Sunshine Committee** was chaired by Lioness Vera Stimpson and she sent out eight cards for various reasons and two bouquets of flowers.

This year a new committee was introduced for publicity and chaired by Lioness Elaine Scott. This committee wrote monthly reports to the local newspapers to inform the Norwood residents of the ongoing events of the club. The committee also updated the Norwood Lioness scrapbook.

The **Membership Committee** was chaired by Lioness Joyce Deen. This committee was responsible for giving out numerous perfect attendance pins to various Lioness members and to induct five new members to the club.

The **Bulletin Committee** was chaired by Lioness Elli Urquhart. This committee did an excellent job this year by earning a bronze medal at the annual Lioness Convention for their efforts in producing an excellent piece of literature.

The **Friendly Welcome Committee** was chaired by Lioness Carolyn Towns. This committee sent out about half-a-dozen baskets to new residents in the Norwood area.

The **Program Committee** was chaired by Lioness Lisa Howie. This committee was responsible for organizing the several excellent and entertaining programs at the monthly meetings. The programs included a pot luck dinner, a Halloween party, an organ donor presentation, a Christmas party at the Sea Horse, the election of officers, a CWL dinner and drug awareness presentation, a Weekend Clothing party, a Women's Health Centre lecture, choir performances from the elementary schools, a Progressive dinner and the installation of officers.

The **Ways and Means Committee** was chaired by Lioness Pat Corby. This committee had the important task of raising funds. Some of their events were the Lions Dinner, a shopping bus trip, a visit from Santa Claus, a fashion show, tour of homes, diners club, garage and bake sale, a craft show and a representative to the Norwood Fair Queen competition (who won for the second year in a row).

The **Finance Committee** was chaired by Lioness Darlene Heffernan. This committee was responsible for the big expenditures from our club and the big project for this year was getting the choir vests made for St. Paul's School and Norwood Public School. The committee also helped replace items that were running low in the Town Hall's kitchen.

The **Library Committee** was chaired by Lioness Christine Orton. This committee sent library books out to five seniors on a bi-monthly basis.

Once the committee reports were done, there was a very touching farewell by outgoing Lioness President Nancy Deen and then the installation of the

1991-92 officers.

As one can see, the Norwood Lioness Club had a very busy year.

The club now has over 30 dedicated members who work hard in providing the Norwood community with the best services possible to its residents.

Most importantly, the Norwood Lioness Club would like to thank the residents of the Norwood area because without your support our club wouldn't be able to provide the services, events and programs to those who need them so desperately.

Keep your eyes open for another exciting year starting in September from the Norwood Lioness Club.

Maple View unveils new volunteer program initiative

Norwood - Maple View Retirement Centre has unveiled a brand new Volunteer Club program.

"And this volunteer program will be like no other," says Maple View's Lynne Partridge. Ms Partridge is the program's facilitator.

As a club, she explains, it incorporates special features not usually found in volunteer programs.

"Direction for the formation of the club is coming from a staff/resident group who are interested in the development of a broadly based volunteer service club."

"Therefore, volunteer functions can be held in almost any facet of the facility operations," she said.

Lasting impression

As a new program initiative, Ms Partridge says, there will be excellent opportunities for people to have a lasting impression on others at Maple View.

The facility has really thrown the doors open for these new volunteers.

She says that the resident/staff committee has been "instrumental in working with the volunteer program to provide guidance and direction."

The volunteers themselves will function as a club, and as such they will also have a say in what should be considered and how things can be done within the facility," Ms Partridge said.

Ms Partridge says that "charter member status" is the "first and perhaps most important feature of the club membership at this point in time."

For those who join the Volunteer Club in the first few weeks, they will be identified as charter members - those who started the club, she said.

"This is a one-time opportunity of that later arrivals to the club can never acquire charter members status."

"The Volunteer Club will provide the customary recognition to its members," Ms Partridge said, such as year

pins and special occasion functions."

"But beyond this," she said, "plans call for many other features not usually found in traditional volunteer programs."

Citing examples, she pointed to "provisions for paid professional development opportunities."

"Sometimes people are not sure if they want to return to work but they want to do something," she said.

"By providing volunteers with development opportunities, people can not only do something for others but they can develop new skills for themselves which might give them some new sense of direction or make them more suitable for paid employment later."

Another "exciting feature" of the club, she says, is the automatic membership in Maple Club.

This is a club for all people in the community which provides opportunities for special functions or trips and members can take part at special members prices.

As the Volunteer Club evolves, Ms Partridge says there will be features such as "written volunteer function descriptions" for the various roles the volunteer can pursue; and special volunteer recognition functions.

Included among these will be events to honour not only the volunteers, but also the families of the volunteers because they too are "usually impacted by the volunteer's involvement."

And of course, Volunteer Club members will receive complimentary meals and refreshments while they are serving in their volunteer capacities, she said.

Given the nature of this new initiative, there is little doubt why Lynn Partridge is excited about helping to launch this new program and why the residents are anxious to get it off the ground.

Ms Partridge encourages everyone to call her directly at 639-5374 if they have any questions or are interested in becoming a charter member.

Consumer Beat...

Pro home inspectors offer valuable help

Many house-hunters who don't have the experience to recognize heating, plumbing or structural problems are turning to professional home inspectors.

Some buyers prefer older homes to new houses because they want a mature garden, paved driveway or finished recreation room. But they may be so impressed with some features of the house they forget to look at the roof or check the basement for leaks. Experts at Ontario's Consumer Ministry say a top-to-bottom inspection is the best assurance a dream-home won't turn into a nightmare of debts and dissatisfaction.

"It's amazing how many consumers will take two hours to choose a new television set, but spend only 30 or 40 minutes looking at the house they plan to buy," says Gordon Randall, registrar of the Real Estate and Business Brokers' Act.

Even home-hunters who've carefully looked over a house may say they worry about the condition of things they can't readily see. The frame, plumbing and wiring may be completely inaccessible.

That's why increasing numbers of consumers are hiring home-inspection services to look for problems. It's now common, in major centres, to include an inspector's approval of the property as a condition of sale.

But consumers should take the time to find the right inspector, ministry experts say. Professional home inspectors generally have backgrounds in engineering, architecture or building trades, but their qualifications may vary greatly. They aren't regulated or licensed by government.

"Unfortunately, the home-inspection business has attracted a few fly-by-night operators who may do little or nothing for their money," says Randall. "In part, this is because the businesses are so simple to set up. All a dishonest person has to do is put an ad in the phone book, rent a telephone, buy a flashlight and say they're a home inspector."

Many reputable inspection businesses have voluntarily joined professional groups, such as the Ontario Association of Home Inspectors. Members agree to a code of ethics and standards which requires that results of their inspections will be released to no one but the client. This prevents conflicts about whether the home inspector is genuinely interested in helping his customer of just promoting business for a renovation company.

Also, firms in the association don't perform the actual repair or renovation work for inspection customers. This helps ensure that home inspectors who may also own a roofing company, for example, aren't tempted to exaggerate problems to give their firm more work.

Randal advises consumers to keep a few points in mind when dealing with home-inspection firms.

* Inspectors should readily offer information about their qualifications and experience. Consumers should ask for references and contact a couple of them before agreeing to hire any individual. House-

holders are often best off hiring home inspectors recommended by friends or relatives.

* Before hiring a firm, consumers should know how complete a report they can expect. A thorough written report detailing the condition of the structure, heating, plumbing and wiring systems and the exterior skin of the building should be offered. It should say what work is needed, set priorities for repairs and give ballpark cost figures.

* A full inspection on an average house should take two to three hours. Reputable inspectors will ask the customer to attend.

* Some home-inspection firms are covered by insurance, which can be a benefit if the company approves a hold that collapses the next month the consumers can seek financial recourse.

* Home inspections should range from \$250 to \$500 for average home.

To receive a copy of ministry's brochure **How to buy a house**, contact the ministry's Consumer Information Centre, by calling (416) 326-8555 in the Toronto area, collect from area code only. From other parts of province call toll free 1-800-268-1142. The TDD line the hard of hearing is (416) 326-8566.

Kinsman bantams ousted in provincial tourney

The Campbellford Kinsman bantam boys softball team finished their 1991 season by competing in the provincial bantam "C" championship tournament held recently in Jarvis.

The locals proved to be no match against their opponents, Landseboro and Waterford, in their only two tournament starts. Scoring for Campbellford during the tourney were Marty Flowers with a triple and a steal home. Jason Cooper got aboard on a walk and came home on an Aron Cleugh home run.

Also playing for Campbellford were Peter Lauder, David Witcher, Ben Gode, Frank Grills, Rod Heffer and Rooke Meiklejohn. Team members unable to take part in the tournament were K. Nicholson, Corey Fernald, David McCredie, Kyle Gilman and Cory Wilson.

Coach David Cleugh, assistant coach Jim Meiklejohn players would like to thank Campbellford Kinsman for their sponsorship and providing the diamond which was kept in excellent condition by Ray Lee.

Weekly newspapers are community status symbol

Weekly newspapers are in better shape than most daily papers, according to Ruth Clark, who shared her views about the future with participants at the New York Press Association Spring Convention.

What is the future? Ms. Clark, a nationally known analyst of the newspaper business, was quoted in the NYPA Newsletter as saying "the future is next week, next month or next year."

She reminded her listeners that weeklies are needed by both readers and advertisers and are viewed as someone they trust. That puts weeklies in place to maximize their advantages. While dailies are centered in headquarters, weeklies are in the communities they serve.

"You can't function as an outsider," she said.

Newspaper readers, she notes, are spending more time at home, and they need more information. In line with this, weeklies should emphasize that they are in the house to be used by the whole family and contain something for each reader.

Weeklies are also in a unique position to capitalize on the recent wave of patriotism which she sees being converted into community spirit. "Interests are in neighbors and neighborhoods... Weddings, proms and graduations are back in style. Priorities are home, family, neighborhood, workplace and what it offers the community."

Contrary to what television leads you to expect, weather is

not a priority, she said. However, traffic is.

Readers expect their newspaper to look good, well written, be special to locality and be a symbol of status in the community.

Weeklies should become community forum and center for information. Do retrench on your news report. That's your strength," he said.

"Local advertisers want local news coverage," Clark underlined. She said advertisers expect expertise in handling and need to be able to reach the market that weeklies reach. She advocated working with other weeklies to customize coverage for their advertisers.

"Bad times can often good times for weeklies," concluded.

Peterborough Photo Society...

NEW & USED APPLIANCE SALE

RUNNING TILL THANKSGIVING WEEKEND

Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the most important & expensive part on a refrigerator. We buy compressor motors 100 at a time directly from the manufacturer. This way we can rebuild refrigerators cheaper than our competition. We have just purchased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment size & 2 door frost-free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from 2 months old & up. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers and air conditioners.

Smitty likes competition - it keeps one on their toes & prices in line. Smitty says check our competitors out & then come to Smitty's & browse thru our warehouses & see what we have to offer. You are not obligated to buy, just come & see for yourself our very clean & modern appliances. We take trade-ins. We have our own financing with no interest & same day delivery. If you are thinking of buying or selling your appliances, see Smitty just for an honest price.

WE JUST DON'T SELL APPLIANCES, WE GUARANTEE THEM AFTER THE SALE.

Marriages

MYLTH DAWYER Mr. and Mrs. David Meyer of R.R. 1, Wexler are pleased to announce the forthcoming marriage of their daughter, Diane Lynn, to Robert James, son of Mr. and Mrs. James Dawyer of Beaverton, Ontario. The wedding will take place Saturday, September 14, 1991 at 3 p.m. Sacred Heart Church, Markham, Ontario. All close friends and relatives are cordially invited to the wedding dinner commencing at 5 p.m. at the Lions Hall in Markham.

Back to school smiles: Youngsters in Lisa Dickson's Senior Kindergarten class at Norwood Public School did not feel out of place at all during their first week back at school. They took to the playground equipment with gusto and enjoyed a photo timeout with their teacher and her teaching assistant Susan Ivey. Photo/Bill Freeman

Farmers argue

As regards machinery, there was no evidence to suggest that machinery prices are significantly different between the regions examined.

Likewise custom rates charged in Ontario were comparable to those charged in various states. However, there was a significant variation within every region. Land prices were higher in many parts of Ontario than in the U.S. regions with similar crop and yield potential.

This variation could be due to a high level of urbanization in much of southern Ontario as well as the potential for certain specialty crops which may put upward pressure on land prices.

The difference between labor costs for seasonal agricultural workers in Ontario and the U.S. was significantly less than the variation in rates within each jurisdiction.

The study did not compare the cost of full-time agricultural workers with those in the U.S. In 1988, Ontario farmers were not disadvantaged with higher interest rates. However, in 1989, both real estate and non real estate interest rates were higher in Ontario than in

the six states studied.

As regards taxes, there are a number of exemptions both in Ontario and in the various states which make comparison difficult. However, Ontario farmers appeared to be better off with respect to property taxes than farmers in the states. While Ontario farmers received a 75 per cent rebate on their farm property taxes, most states tax agricultural land on its agricultural value.

The evidence from this study does not support the argument that inputs are universally more expensive in Ontario than in the U.S. Ontario farmers do appear to be at a price disadvantage when purchasing motor fuel, pesticides and land.

The study concludes that various factors contribute to the price difference between Ontario and the U.S. These include transportation costs, the level of regional competitiveness and the volume purchased as well as the alternative products available within each region. Copies of this study are available from the Policy Analysis Branch, Ministry of Agriculture and Food, Toronto.

Hockey time: Field hockey players on the Norwood Lady Knights' squad were hard at work doing drills last week as they prepare for the 1991 season. Above, Katie Quinlan concentrates on a stickhandling drill; teammates Becky Quinn and Pam Wilson, in the background, take part in the same drill. Coach Leith Rhodes and his players open regular season play October 8 but will get in some exhibition matches before they enter the Kawartha fray. Photo/Bill Freeman

OPP Report... Toronto man charged in sexual assault case

The O.P.P. is investigating a sexual assault that occurred the evening of September 7th. The 18-year-old female victim was not injured and did not require medical attention. Peter De Angelis, 29 years of age, of Toronto has been arrested and charged with Sexual Assault.

On September 2nd Scott Drummond of Davidson Motors in Campbellford reported the theft of parts from one of the new vehicles. Value is approximately \$1000.

On September 2nd Harry Raycraft reported that some-

one damaged his trailer parked along the river. Eighteen light bulbs were smashed.

On September 4th The Ministry of Transportation reported the theft of two picnic tables from the Half Way Park on Hwy. 7 east of Havelock.

A new 12-speed blue bike was stolen from the David Hart residence in Havelock on September 8th. Anyone seeing the bike is requested to contact the Campbellford O.P.P. detachment.

On September 3rd a minor accident occurred on Bridge St. W. in Campbellford. A 1986

Plymouth van operated by Trevor Tinney of Campbellford was westbound on Bridge St. and attempted to make a left turn at Canrobert St. when he was struck by a 1982 Olds Cutlas operated by Terry Moody of Campbellford who was attempting to pass. Damage was minor.

Jumbo Joe's gas bar on Hwy. 7 was reported broken into on September 8th. Some gas was stolen. The theft was discovered when the day shift attendant reported to work.

The Campbellford O.P.P.

would like to remind our senior citizens who have to take a test when renewing their driver's licence that it generally takes up to three months to get an appointment. The Ministry of Transportation will generally notify the driver two months ahead to renew their licence. This can leave you with an expired drivers licence. It may be possible to get an earlier appointment through one of their larger offices.

On Wednesday, September 4th the Campbellford O.P.P. detachment hosted the 26th Annual Charity Golf Tourna-

ment. There were 145 golfers coming from as far away as Picton to the east and Grand Bend to the west. Bernie Bertrand from Peterborough won the civilian low gross with a 73 and Dick Garrison from the Cobourg police force won the police low gross with a 76 score. The golf committee would like to thank the merchants and businesses in Campbellford, Warkworth, Havelock and Hastings for their generous support again this year. The proceeds from the tournament will again be given to the Salvation Army for their Christmas basket fund. The donation will be for \$1500 and the remaining money will be given to community functions such as minor hockey, ball, ringette, hospital fund, etc.

sexual assault

Cont'd from page 4

she is just being coy and really means "maybe" or "yes." These men don't understand that "no" means "no."

Because sexual assault is just that—a crime—it has little to do with sex and nothing to do with sexual desire. When a man has unwanted sexual contact with a woman, he is taking advantage of the greater power men have in our society.

Couple starts interior decorating business

by Jeff Wilson

June Reed (right) and husband Graham started the Cedar House interior decorating company three weeks ago. June has used her

decorating skills on her own home. Her living room shown in the photo use to have white walls which she changed to a warmer color.

June Reed finally took her friends' advice, and has begun to interior decorate professionally, along with her husband Graham.

The couple opened the business and called it Cedar House, three weeks ago and have yet to have their first customer. As far as they know their business is the only one of its kind in the area.

In an interview the two said they work well together, with June having the knack for color schemes, while Graham said he seems to know where the furniture should be placed in a room. He said the two don't always agree, and when they don't there is a compromise to get the best of both ideas.

When decorating a customer's home, June said she will "not impose our taste" on them. Graham said he thinks of her and his wife as "catalysts for ideas" for their customers. He said the two will help the customer to develop their ideas so the finished product is something they can live with.

The interior decoration business offers three options to prospective customers.

The top option includes an in-home consultation, as well as a detailed color scheme and a hand drawn floor plan. Customers also have the option of having an in-home consultation with either a detailed color scheme, or floor plan. The third option includes an in-home consultation and verbal recommendations. All three packages have a set fee.

Along with the individual options, June said she will accompany customers to shop for furniture and other decorating materials for an hourly fee.

June said they are willing to decorate a just a single room, as well as an entire home.

Graham said it was "challenging" task to start a small business under the current economic conditions, but the couple feel they can provide an important service to customers, in preventing them from making an expensive mistake when purchasing new materials for their homes.

People interested in having their home decorated can contact the couple at 473-5326.

PETER J. MURRAY 613-473-4452

Rural areas must get fair treatment: MPP

Commentary

by Elmer Buchanan, MPP
Hastings-Peterborough

It's time to create fairness for rural communities and to achieve social justice between city and country.

In growing urban Ontario, services are readily available, from health care to transportation. Rural Ontario has been neglected in such areas as daycare, health care and transportation.

I hear of a child with cancer in rural Ontario who has to travel long distances twice a week for treatment in an urban hospital. Or an abused woman who has no local place of safety, or source of assistance to turn to. Or a suicidal teenager who doesn't know where to turn.

Who knows what the community needs better than the people who live in it? It's a smarter way to use taxpayers' money. Plans that are well thought out, and targeted to specific local needs, are invariably more cost-effective.

Jump start economy

In all this local work, the province won't abdicate its responsibility for the services we provide.

Some direct program delivery is essential. But in some areas, the province might be more effective in an advisory or informational role.

How to help jump-start the rural economy - in farming, small manufacturing, tourism and other areas - is being worked on by a rural development committee I established last fall. They point to the Huron County pilot project, begun in 1987, as a model for what can be done.

A new program, called Innovative Agriculture, helps farmers make the most of their businesses - whether that means updating farming or marketing methods, trying alternative crops or brushing up on business management techniques.

Collective action

To develop a community strategy, I see one community organization getting people

together from other local organizations, farmers' groups, municipal government and service clubs to discuss needs and points of view. From that could come ideas on where the community should be going in the short-run as well as the long-term. Practical methods of getting there could be determined.

It's not easy to get people from a wide variety of backgrounds and opinions to come to a consensus on anything. I've learned that lesson well over the last few months.

But I've also learned that, most of the time, people are reasonable. If everyone keeps in mind the ultimate goal - the very survival of the rural community - differences of opinion can be accommodated or worked out.

Worth looking at is my ministry's leadership training program, 10 Steps to Community Action. Many other ministries offer community-based programs through their country or district offices.

While local initiatives develop, my ministry is doing its best to relieve farmers from current financial pressures through short-term interest relief and longer-term safety nets. We're still ironing out the wrinkles in these programs, and searching for better answers to chronically low prices.

I agree with farmers when they tell me they want long-term, stable financial arrangements that are attuned to their needs. One way to go is to develop more local co-operatives and allowing grass-roots credit unions to provide farmers with a reasonable rate and flexible terms.

In all this work, we need a strong commitment to the environment. We can prove that environmental responsibility and economic prosperity are not mutually exclusive, but actually mutually supportive.

My vision for rural Ontario is built on economic self-reliance, and justice and fairness in sharing the province's wealth.

I believe we can take the "tale of two Ontarios", rural and urban, and weave them into one - one in which everyone understands that the economic and social health of urban areas depends on the well-being of rural areas.

Hockey Registration

Kathy Leaver (left) and Micki McLean were hand for the registration day for the Madoc Minor Hockey Association. Registration was

held last Saturday from 10 a.m. to 2 p.m. levels.

Local resident and organization receive conservation award

an appreciated". Madoc Kiwanis Club President Burrell Bateman accepted the award on behalf of the club, and said it is rewarding to drive by the parkette and see people

picnicking.

The Conservation Award of Distinction was presented to two sisters and a niece of Tom Longwell. As a recipient of the award Longwell had his name

placed on a wood carving depicting natural resource: water, wetlands, wood, waterfowl entitled "Award", created by artist Shier.

Kiwanis Club of Madoc President Burrell Bateman (left) accepts the Conservation Award of Merit on behalf of the Club, for its contribution to the parkette project on the west shoreline of Moira Lake. The award was

presented by Tom Stephens, chairman community relations and education on board of the MRCA and Elzevir Township councillor.

Elzevir and Grimsthorpe Township Council Minutes

The Elzevir and Grimsthorpe Township Council met in the Council Chambers on Monday, Aug. 19 1991 at 7 p.m. Reeve Jack Robinson, presided over the meeting with Deputy Reeve D. Brough, and Councillors G. Best, S. Roy and T. Stephens in attendance.

It was moved by T. Stephens and seconded by S. Roy that the minutes of the last meeting be adopted as circulated. Carried.

Jean Rixen, County Planner, attended Council. She made several suggestions for changing the Township Zoning bylaw, if and when it is amended. She answered Council's questions re: the Neilson severances, conversions, etc.

Terry Murphy, Manager and R. Craig M.R.C.A., attended Council to discuss recent changes in the grant structure, management of properties and flood plain mapping. They requested Council to support them in requesting the government to allow a phasing-in period over a minimum of three years.

It was moved by D. Brough and seconded by T. Stephens that the Clerk proceed with Neilson's application for rezoning. Carried.

It was moved by D. Brough and seconded by T. Stephens that the Township regrets the error of ownership of the steel racks left on the Township road allowance between lots 15 and 16, Concession 4. The owners have been located. Carried.

It was moved by S. Roy and seconded by D. Brough that the Clerk and Reeve sign the agreements with Greer-Galloway Group Inc. Carried.

It was moved by T. Stephens and seconded by G. Best to

defer action on a letter from the County of Hastings re: the 911 Emergency Report, pending more information on costs. Carried.

It was moved by D. Brough and seconded by G. Best to grant D. Burshaw permission to hold a street dance and beer tent in Queensborough, Aug. 30, 1991. Carried.

It was moved by S. Roy and seconded by T. Stephens to approve an application from C. D'Arcy for a severance. Carried.

It was moved by D. Brough and seconded by T. Stephens to concur with the Township of Tudor and Cashes re: a resolution supporting them in quelling the Draft Report of the Trees Bylaws Advisory Committee of March 1991. Carried.

It was moved by S. Roy and seconded by D. Brough to receive and file the following correspondence for information:

1. Quinte Environmental

Resources Alliance Report.
2. Solicitor General - updating directory information.
3. M.O.T. - changes in staff.
4. Hastings County Economic Development - Rural Development Section.

5. County - Tax Arrears certificates.

6. Ministry of Municipal Affairs: 1. info re: changes re: auditors; and financial reports; Report of Prov. - Municipal Financial Relationship.

7. Hastings County Planning Advisory Committee re: application to amend the Official Plan.

8. MRCA re: Robinson's Bridge.

9. Assessment Commissioner re: changes from Voter I.D. Notices. Carried.

G. Best adjourned the meeting, to meet next on Sept. 3.

Bell providing new service for Madoc customers

Bell Canada customers in Madoc will have new technology at their fingertips by Sept. 28, when digital switching equipment goes into operation. The new equipment, part of Bell's five-year, \$2.5 billion network modernization program, will provide Madoc telephone subscribers with more efficient service and specialized options.

The new equipment will provide subscribers with custom calling features that will include, call waiting, call forwarding and speed calling, which will be available later this year. These features are among Bell's three most popular, call waiting allows customers to receive a second call while the line is in use, call forwarding allows the customer to forward calls to a selected number, and speed calling allows customers to pre-program frequently called numbers.

Custom calling features will be provided free of charge for an initial eight-week period and all customers will receive details by mail on how to use them.

With the upgrading of switching equipment, Bell

customers will be able to dial the full seven-digit number for all local

Five-digit calls will go through.

The dial tone will be different sound and with rotary dial sets a click in the record time the dial returns. Those with Touch-Tone phones must subscribe to Touch-Tone line in the service to continue. Bell is pleased to offer customers improvements and features, said a spokesman, local business manager. This is news for our customers of them have been these options.

Bell Canada, the Canadian telecommunications operating company, provides a full range of state-of-the-art products and services to more than seven million residential and business customers in Ontario, Quebec and the Northwest Territories.

Bell Canada is a Telecommunications Canada, a division of Canada's telecommunications

Madoc performs well at provincial finals

by Jeff Wilson

The Madoc entry in the Intermediate Mens "D" Provincial Softball Championships held in Fenelon Falls last weekend finished third.

Coach Bill Lebow said the team appreciated and was inspired by the fan support it received from local fans who made the trip to see the team play.

Seven teams competed in the championship tournament, including the host Fenelon Falls, Madoc, Chesley, Elmville, Shakespeare, Fraserville and Odessa.

In the team's first game last Saturday, Madoc took on Fraserville and won the score of 1-0.

In Madoc's second game the team took on the host Fenelon Falls. The host was very hospitable edging the Madoc team 2-1.

In the team's final game Madoc played Sha... a close game Madoc won by one run 7-6.

On Sunday Madoc played Odessa for a bronze medal semi-finals. It was a run victory, winning 3-2.

In the semi-final Madoc faced the host Fenelon Falls. It took extra innings to determine who would win the game, but Fenelon Falls managed to win 3-2.

Fenelon Falls played Chesley who had won the tournament.

Coach Lebow said Madoc played well throughout the tournament, and really out of any of the final scores, said both pitchers, fin and Dunca pitched well and in every ball game.

Just spike it!

CHSS player John Mastorakos (left) sets the ball for Rob Henderson (right) during their game against Clarke, in the CHSS Senior Boys

Volleyball Tournament held last Saturday. CHSS split sets, winning the first 15-12, losing the second 10-15. See page six for results.

Madoc Curling Club moving to Marmora

Unable to pay rental fees charged by Madoc Arena due to declining number of teams, the Madoc Curling Club has decided to move to Marmora, Club President Ron Devolin said.

The club curls every Wednesday night, and for a 15 week season last year was charged \$5,850 for ice rental.

With this year's rental fees set it would cost the curling club \$414 every week for a total bill of \$6,210 by the end of the season. Devolin said the club can curl for a whole season for just \$100 in Marmora, so they decided to move.

In a recent Madoc Arena board meeting Devolin pleaded for lower rates for the

curling club, but the board explained the club must be charged rental fees from 4 to 11 p.m., even though it only uses the ice for two hours, because once the ice is prepared for curling it cannot be used for anything else.

In an interview Devolin said he doesn't blame the club's Cont'd on page 7

Letters to the EDITOR...

Dear Editor:

I am the author of several popular histories which relate to Ontario. Recently I was in the area trying to track down the old gold mines.

The book I am researching, titled "Gold in Ontario", will tell the story of the gold camps in the province. The first such camp is made up from the ones found in your area. If mine names like Williams, Galling,

Tuttle, Hawkeye, Five Acres, Red, Richardson (Eldorado), Diamond, Star of the East, Ore Chimney, Ledyards, or Golden Fleece spark a memory cord among any of your readers, I should be most pleased to hear from them.

I am looking for photographs which may be reproduced, which show the mines or people who worked in them, and even old company shares. Perhaps they are people, res-

ident in the area who worked in the mines or have recollections of the properties. Some people may even be aware of books that touch on this subject.

My books often encourage tourism in an area and help to make it better known to citizens in other parts of the province and the rest of Canada. Any one who assists in any way will be acknowledged in the book.

Swedish exchange student makes bid to make Wildcats

by Jeff Wilson

Like the Toronto Maple Leafs who enjoyed the services of Swedish defenseman Borge Salming, the Madoc Wildcats also may have the same opportunity in its upcoming season.

Hans Wiseman, 16, a Swedish exchange student attending Centre Hastings Secondary School (CHSS) is attempting to make this year's edition of the Madoc Wildcats Junior "C" hockey team. He said he has played hockey since he was nine years old back in Sweden, and decided to try out for the Wildcats on the advice of the Jensen family who he is boarding with. He arrived in Canada on Aug. 27.

Along with a trying out for the hockey team Hans is attending CHSS for the 91-92 school year. He will take eight Grade 12 subjects in the two semesters. He said other than the language barrier, the courses at CHSS are just as difficult as courses in the school he attended in Sweden. In his high school in Sweden he said he would take 11 courses over the school year, and this is really the only difference between his school and CHSS.

Hans said he decided to take part in an exchange program so he could learn the English language; and for the life experience. He is following in the footsteps of his older brothers Jonas who went on an exchange program to Colorado six years ago, and Svante who completed an exchange program in Edmonton four years ago.

Hans comes from a town of 3,000 people, called Skarhamn.

Hans Wiseman will be attending CHSS for the 91-92 school year, he is also trying out for this year's edition of the Madoc Wildcats.

The town is located on east coast of Sweden, by the ocean, he said.

He said the weather here is quite similar to that in Sweden. The main difference is in the landscape, with his home being

by the ocean and his boarder family lives outside Tweed on a farm.

So far he said he is really enjoying his stay in Hastings County.

Ducks Unlimited to hold dinner and auction

The Ducks Unlimited organization will hold its annual dinner and auction fundraiser on Oct. 8.

Ducks Unlimited restores wetland areas in Ontario as well as the rest of Canada.

The money raised from the fundraiser goes toward wetland project. The Madoc chapter raised \$29,000 last year.

Rick Johnson of Ducks Unlimited said the Madoc area has the largest concentration of wetland projects of

anywhere in the province of Ontario.

He said there is about 14 to 18 projects, costing in total, approximately \$350,000, including one project costing \$80,000 northwest of Madoc. Johnson said a approximately three kilometre earth dyke was constructed around a marsh area.

Other projects include one at Hazards Corners as well as number of projects along Highway 62 north of Madoc, he said.

Madoc Township School enjoying use of field

Madoc Township Public School Principal Art Gough shows off the totally completed field area behind his school. The field was levelled off, and other things were added during a two year period.

After two years of waiting the Madoc Township Public School has a field area it is quite proud of.

No longer do the children have to play on uneven soccer fields and baseball diamonds. The Hastings Board of Education and Plant Controller Dave Barnes levelled out that problem.

No longer do students have to worry about the potentially dangerous stream that sometimes flowed through the field

area. The Hastings Board of Education and Plant Controller Dave Barnes rerouted the stream onto an adjoining property to alleviate the possible hazard.

The construction on the field began in June of 1989, the southern portion of the field was fenced off until near the end June of 1990. Then the northern portion was fenced off and this was completed by the start of this school year.

The school now has two

soccer fields, one regulation size, one just under regulation. Previously the school had just one soccer field. Principal Art Gough said.

The school also welcomed the addition of an oval track and sand for its playground area.

Gough said his students, along with students from Madoc Public School and CHSS get great use out of the track. He said that local residents also make use of the track after school hours.

The Corporation of the Village of Madoc PROCLAMATION FOR LEGION WEEK

WHEREAS Branch 363 of the Royal Canadian Legion has made an important contribution to the Veterans and their families in Madoc,

AND WHEREAS Branch 363 of the Royal Canadian Legion has supported the community through service work and donations, AND WHEREAS Branch 363 of the Royal Canadian Legion continues to be a guiding force in the development of Madoc;

NOW THEREFORE, we, the Council of the Village of Madoc, hereby proclaim the week of September 16, 1991 through September 22nd., 1991 as Legion Week in honour of the Madoc Legion.

Thomas Deline.
Reeve.

Tournament sponsor Frank Arnold (centre) presents the low gross trophies to Fran Wheeler and Joe Cembal at the annual fun day held this year at the Pine Ridge Golf and Country Club. photo/Rolly Ethier

Arnold tourney produces a fun day

Fun and good fellowship prevailed as usual over serious golf Friday at the Pine Ridge Golf and Country Club when the Arnold Real Estate held its third annual tournament in absolutely perfect sunny conditions.

Afterwards the group sat down to an enjoyable barbecue steak dinner while Jim Campion presided over the trophy and prize presentations.

Men's low gross winner in the nine-hole event was Joe

Cembal while Fran Wheeler took the ladies' low gross prize. Winners in the low gross team competition were Frank Arnold, Rita Arnold, Fran Wheeler and Joe Cembal.

Members of the runner-up team foursome were Cody Wheeler, Larry Smith, Rosemarie Marsh and Alf Cooper.

There were also special category prizes, too. Rita Arnold won for closest to the pin for women on the third hole

while Joe Cembal won in the same category for men.

Longest drive honors on number six went to Frank Wheeler in the ladies' section and Bill Campion for men.

Golfers dutifully recorded every stroke without having to call on the assistance of an adding machine and prizes were handed out to the day's most honest golfers. That dubious honor went to Donna Middleton for ladies and Alf Cooper for men.

Havelock man raise over \$10,000 for Terry Fox Run

Ernie Hamilton did his usual fund-raising magic this year the Terry Fox Run this year in Havelock. Ernie's effort over \$10,000 to the Havelock contribution to cancer through the run last Sunday. One of Ernie's biggest supporters is always the Havelock Legion contributed \$1000 to his collection on Sunday, representing Mary Hand.

OPP report...

Trouble on the picket lines

On September 12th John Feniuk of Campbellford reported that while driving his '84 Chrysler over the swing bridge across the Trent Canal in Campbellford he stopped behind a truck and when it proceeded he was stopped by striking members of Parks Canada. Feniuk who is hard of hearing in one ear mentioned one of them said something to him that he could not understand. Mr. Feniuk advised him he was on his way to go golfing. As he drove on, one of the strikers poked at his radiator with a placard and as he drove by him he swung at the windshield cracking the glass. Mr. Feniuk is a senior citizen. Damage to the windshield is \$250. When questioned, none of the striking members recalled anything.

On September 11th management of Parks Canada reported that 2 hydraulic lines were cut at lock 16/17. The locks are situated at Healey

Falls. Approximately 45 gals. of hydraulic fluid leaked into the water. The Ministry of the Environment was advised. The damage is believed to be related to the strike by members of Park Canada.

On September 9th the Campbellford O.P.P. charged a young offender with Dangerous Driving and Fail to Stop for police as a result of a police chase. There was no damage to the vehicle nor injuries reported.

Also on September 9th a stolen vehicle was recovered on County Rd. 48 east of Havelock. The 1981 Dodge had been stolen from Stewart Motors in Norwood over the weekend. The vehicle was not damaged.

On September 10th Eric Wiley of RR 1, Marmora reported two tires damaged on his pick up truck while parked in Cordova Mines. Apparently someone stabbed tires with a sharp object. Local youths believed involved.

On September 11th the Ministry of Transportation reported a break in at the Norwood yard on Hwy. 7 and a gas can stolen. One of the garage doors had been forced open. Damage was minor. Value of the stolen property is estimated at \$25.

On September 14th the O.P.P. received a report of a break in at Jumbo Joe's and the theft of approximately \$63 dollars of gas.

On September 15th the Campbellford O.P.P. were called out in the early morning hours to assist the Hastings police at a dance held at the local arena. Apparently some of the attendants had a brawl and it was getting out of control. Numerous fights were broken up and the place was cleared. No charges were laid.

On September 9th Harold White of Campbellford reported the theft of a 12-speed mountain-bike, CTC white/red. Value is approximately \$325.

by John McPhee

Ernie Hamilton, like Terry Fox, had a goal. And with hard work and long hours, Hamilton reached his objective.

"I'm going for \$10,000 for next year," said Hamilton, 22, last year after raising \$8456 in last year's Terry Fox Run in Havelock.

And after the final tally was reached in the 1991 Run last Sunday, his total was more than \$10,800.

"I'm very happy," Hamilton said on Sunday. "I appreciate everyone's support in helping me reach \$10,000."

Hamilton has been Havelock's star Terry Fox contributor since he started participating in the Run in 1980. He begins his fund-raising much earlier than most, usually beginning not long after each year's run.

Hamilton receives most of his support through service clubs and businesses in Havelock and the surrounding

areas.

For example, the Legion handed him a for \$1000 on Sunday. He says he cannot say about the people who him year after year.

"I really appreciate from everybody," he

Hamilton, received Elwood Cranston Franks Award last year, most notable fund effort in the Terry Fox

The award was es in 1989 in recognition of Frank, a popular lough broadcaster, who cancer in 1989. He we name of Elwood Cra the radio.

The organizer for the lock Run, Eleanor B. the turnout was high year's run, probably rainy weather.

"We're down fr year," she said. "Bu very pleased with o which should be appr ly \$12,000. Most of course, is from contribution."

More Abled Than Disabled

by Barbara Bruce-Pealow

Census questionnaire will help disabled

The 1991 Canadian Census questionnaire was recently mailed to everyone in Canada. It asked questions about where you live, how many members are in your family, and what language you use.

Some people received a longer questionnaire that included a question about disability. If you got this form and answered that you have a disability, you may be contacted later by Statistics Canada. They will ask you to

do an interview about your disability.

If you are asked for an interview, please agree to do it. The Canadian Association of the Deaf cooperated in developing the interview questionnaire. It is important because this census is the only way we can get information about how many TDDs and decoders are being used and how many deaf people live in Canada.

If you are not sure about the person who asks you for an interview, contact the CAD Head Office (Canadian Association of the Deaf) (613-526-4785) or your local Deaf Association for assistance.

Ten years ago

Ten years ago in June, a medical newsletter noted that a rare pneumonia, accompanied by a depressed immune system, had affected five homosexuals in Los Angeles.

It was the first whisper of acquired immune deficiency syndrome (AIDS).

Today, an estimated 10 million people worldwide are infected by the AIDS virus, according to the World Health Organization.

In Canada, 4,768 people have been reported to have AIDS, of whom 2,859 have died.

In the U.S., 174,893 AIDS cases have been reported. Of those, 110,530 have died.

Progress has been slow in finding a cure for the lethal disease, as well as in trying to make it a manageable illness, like diabetes or kidney disease, in which patients can enjoy a reasonably quality of life.

(Thanks to Toronto Star for this information.)

Blind genealogist

Since I have had more than 30 years of genealogical collecting, I was most surprised that two blind genealogists would be attending at OGS-Ontario Genealogical Seminar in Kingston May 24, 25, 26 at Queen's University. With vision I have recorded names, birth and death rates of likely six or seven generations of my husband's families and mine. Without vision, what would I have done?

Thirty-six years old blind

Robert Stevens of Belleville was listening to a tape when I wheeled my chair to him. I urged him to come to my table so I could record. I kept talking (easy for me to do) so that he would follow me to the table.

"My wife, Penny, is the genealogist. I am the memory and support," he explained. Penny reads information to him, but it is Robert who has explicit memory for details. In a later time, Robert will provide details when Penny has forgotten them. His memory is excellent on dates, and a lot of bits and pieces.

In a supportive way, he goes with Penny to the cemeteries. He does the hard physical labour, but more importantly he shares her excitement and enthusiasm. Genealogy can be a long drawn-out process to get all the parts and it is Robert's enthusiasm that helps keep the

spark alive. He urges her to take the tape recorder with her and later transcribe. His wife has a curiosity that has to be satisfied and he is one part of her help.

As a blind person he cannot identify many disabled people but recognized the following: an M.S. patient if speech is severely affected; a severe cleft palate; a severe cerebral palsy person; and developmentally handicapped.

The above articles were contributed by "Our Lady Around Town", Aureen Richardson.

Reminder: Don't forget the meeting for parents of handicapped children and adults. Wednesday, September 18th from 7 - 8 p.m. at the Trinity United Church, 15 Chapel Street, Cobourg.

Disabled club meeting: And also the More Abled Than Disabled Club meeting will be held Monday, September 23rd at Sunset Court, 112 Front St. S. Campbellford, in the lounge at 1:00 p.m.

I have checked and double checked this recipe and it should not fail you. There is a little more to it than there was the last time. If you have any more problems, please feel free to call or write to the

New renovations add fashion focus at Bennett's

By Rolly Ethier

With 14 showrooms and 50,000 square feet of floor space, Bennett's Home Furnishings is currently in the process of a major renovation project that according to president Dwight Bennett will take the well-known Campbellford firm into the 1990s "with a dramatic focus on fashion to put ourselves in front of the market."

Workers are currently in the process of making big changes to the store that represents one of the company's biggest face-lifting projects ever in its 65-year history as a family dealership.

A news conference was held Thursday attended by Dwight, his brother Eric Bennett, the store's former general manager who now serves as an advisor, and their father Don Bennett. The Bennetts declined to put a price tag on the cost of the renovation.

With a professional interior decorator working along with the renovation crew on a day-to-day basis, Bennett's will have an almost completely new look by the time the job is completed Oct. 16th.

The new main floor showroom will be suitably decorated to accommodate the United Carpet headquarters which is to feature over 2,000 pieces of carpet for the utmost in customer selection. It will be located in a beautiful setting that will also include a large area for the latest in blinds.

"This will allow us to provide the biggest selection of rugs and blinds in the area," pointed out Dwight Bennett.

Don Bennett (left) and his two sons, Dwight (centre) and Eric, are anxious for the completion of another major renovation project at

Bennett's Home Furnishings, which this year celebrates its 65th year of family operation. photo/Rolly Ethier

"Our link with a large volume carpet buyer will allow us to offer outstanding prices for our customers."

The appliance room will also have a new look, offering 33

per cent more selection and Bennett's also intend to triple the size of its showroom area for electronic products, including high-definition, large screen color televisions.

There'll be extensive changes upstairs as well with more room settings so customers can better visualize what a complete room might look like in their own home.

Bennett's also intend to place more emphasis on a full line of home accessories. Another innovation is a small cafe downstairs which customers can use for visits to contemplate purchases or simply for a coffee stop as they browse through the store.

There'll be more emphasis on "no pressure" salesmanship at Bennett's, says Dwight. "We want customers to treat Bennett's as a virtual enter-

tainment centre where people are encouraged to browse at their leisure without the pressure tactics and to enjoy themselves looking over all the product lines."

A store traffic survey, says Dwight, has shown management that Bennett's is a "destination store" where a great number of customers journey from Peterborough and other regional points to look for furniture. "They like the idea of making a short auto ride into the country and combining it with a shopping experience."

Contrary to one recent rumor that was making the rounds, Bennett's will continue as a family operation, something it has remained during 65 years and three generations. In an industry where five years

Get ready for new season...

Norwood Curling Club hosting wine and cheese registration social

By Beth Lobb

Norwood - The Norwood Curling Club wishes to invite everyone to join them for a Wine and Cheese Registration Social to begin the 1991-92 season. Please plan to attend and encourage anyone with a curling interest to be there.

Curling is a sport enjoyed by all; plus it is good exercise and a great way to meet new people. Please consider making curling at the Norwood Curling Club part of your winter's activities.

An introductory offer allows people who have not been a member of the Norwood Curling Club to join at a reduced rate of 50 per cent off the normal fees. Our hope is that new curlers will enjoy the sport and make curling a yearly winter activity and that seasoned curlers will find our club the place to be for curling enjoyment.

Curling rates for new members are:

* **Adult** - (one night) \$65; (two

nights or more) \$97.

* **Youth** - (one night) \$40; (two nights or more) \$60

Please note that the GST will be added to the above fee.

Also, November 2 (from 9 am until 1 pm) there will be a **FREE** curling clinic that will be conducted at the club by qualified instructors to assist new curlers on learning the basics.

Please contact any executive member for further information: Duane Mavor, President

(778-7381); Merv McNeely, Vice President (778-3179); Phil Pacey, 2nd Vice President (696-3700); Rod Manley, Past President (696-2004); Beth Lobb, Secretary (639-5840) and Julia Barber, Treasurer (639-2292).

The Norwood Curling Club is also looking for Novice Curlers. The novices - aged 9 to 13 - curl Tuesday's after school from 3:30 pm until 5 pm. For more information contact Sharon Scott at 639-5996.

Summer program at Asphodel Public Library a success

Westwood - The Asphodel Public Library in Westwood was humming with excitement during the summer.

Forty-five children registered for the Summer Reading Program entitled "Saving our Forest and Friends."

The program's closing party was held August 22 when the Ministry of Natural Resources came and spoke to the children. They presented rulers and activity books to those present and Smokey the Bear gave out certificates and ribbons to the children who had registered for the reading program.

On August 7, 23 children enjoyed visitors from the Northumberland Art Gallery who taught them about endangered species. Each child made a mobile to take home.

On August 12, 30 youngsters enjoyed a ride on a cart drawn by Dolly the Donkey. Many thanks to Claire Newall for bringing Dolly.

On July 10th and 24th, two puppet shows were presented by local puppeteers under the direction of Leona Moore.

New books

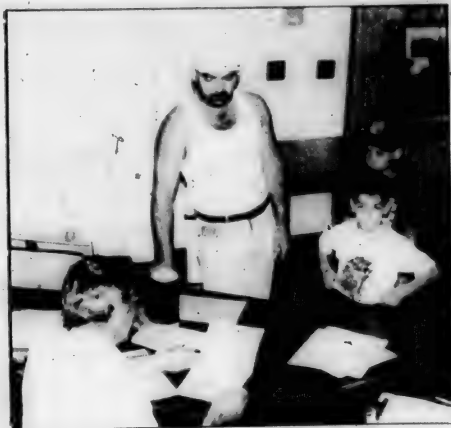

Now that school has started once again there are many new books filling the library shelves. Among them are:

Isvik, by Hammond Innes; **The Doomsday Conspiracy**, by Sidney Sheldon; **Flowers in the Rain**, by Rosamunde Pilcher; **Murder and Walking Spirits**, by Robertson Davies; **My Beloved Son**, by Catherine Cookson; **Wilderness Tips**, by Ed McBain; **Comeback**, by Dick Francis; **Kelly on Third Base**, by Kelly Gruber; **When the Boys Come Marching Home**, by Ben Wicks; **The Deceiver**, by Frederick Forsyth; **Imajica**, by Clive Barker.

Many books have also arrived for the children's section, along with videos to add to the library's collection.

The Asphodel Public Library hours are: Mondays (3 pm - 6 pm); Wednesdays (3 pm - 6 pm); Thursdays (6 pm - 9 pm) and Saturdays (10 am - 1 pm).

We hope to see you there!

Can't wait: While Eric Lindros is reluctant to sign his first NHL contract, young Norwood area hockey enthusiasts feel no such hesitation as they get ready for the 1991-92 season. Official registration for Norwood Minor Sports upcoming hockey season took place Saturday morning at the Norwood Legion. Photo/Bill Freeman

Fifth overall in final standings

Derek Lynch takes sixth spot in GM Motorsport 200

Mosport - Norwood's Derek Lynch drove his Chevy Lumina to a sixth place finish in Sunday's GM Motorsport 200 at Mosport International Speedway holding on to fifth spot overall in the ten-race, \$900,000 GM Motorsport National Stock Car Series.

Robbie Crouch took a major step towards retaining his American-Canadian Tour (ACT) title by taking Sunday's race despite surviving a black flag on lap 139 after tangling with Roger Laperie of St-Denis, Que. on a restart.

The Georgia, Vermont native was able to work his Buick Regal to the front from the back of the pack to take the 209 lap race.

"For whatever reason, he didn't want to keep up on the restarts," Crouch said. "Then he ran into me a couple of times."

"Finally he got sort of ridiculous."

Dan Beede of Barre, Vermont finished second and Beaver Dragon of Milton, Vermont placed third.

The Mosport event was the last in the \$900,000 GM Motorsport national Stock Car Series.

The \$50,000 winner's cheque went to Junior Hanley of

Campbellville, Ontario, who won six of the ten races. He had 1,024 points, followed by Dragon with 851 and Crouch with 848.

Lynch finished the series with 809 points just behind Randy MacDonald of Oshawa who ended up with 816.

It was the second \$50,000 bonus cheque for Hanley this year. He earlier won the Bud Triple Crown, a series of designated races at Mosport, St-Pie, Que., and Antigonish, N.S.

Hanley, who led through much of the middle laps but crashed into Dan Knoll Jr. of Buffalo on lap 126 - Knoll had spun out in corner three.

Hanley, who remains in the thick of the race for the ACT driver standings, said he realized there was a car on the corner but lost sight of it in the sun.

The veteran Ontario driver continues to top the ACT standings with 1,962 points after 19 races. Crouch now has 1,465 points while Kevin Lepage of Shelburne, Vermont is third with 1,787.

Lynch sits in fifth spot in the ACT standings with 1,756 just behind Dragon who has 1,847 points.

New renovations at Bennett's

is often something of a success story. Bennett's record of stability and dependability has been nothing short of remarkable.

"Our business has been built on quality product and dependable service over the years and we intend to strive to maintain that reputation," said Dwight.

"You can't succeed on name only," added his brother Eric. "Customers can recognize whether that original level of service and quality are still there."

Dwight Bennett, a former symphonie orchestra conductor, took over the top management position at Bennett's

early this year from Eric, who had been associated directly with the company for the previous 17 years. The Bennett operation started in 1926 when Dwight's grandfather, who incidentally had the same name, arrived in Campbellford to purchase the furniture/funeral business from Allan Watson.

The Bennett's believe they've paid their dues and earned the trust of the public. This latest phase in renovations seems to prove the firm is extremely serious about competing in the marketplace.

Honouring the fallen: Royal Canadian Legion Branch 300 in Norwood held its annual Decoration Day September 8 at the Norwood/Asphodel cemetery. The parade colours were led by Sergeant-at-Arms Bob Beynon while the service and remembrance was given by Reverend Kenneth Tandy. Helen Creighton provided musical accompaniment. Photo/Bill Freeman

NEW & USED APPLIANCE SALE

RUNNING TILL THANKSGIVING WEEKEND

Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the most important & expensive part on a refrigerator. We buy compressor motors 100 at a time directly from the manufacturer. This way we can rebuild refrigerators cheaper than our competition. We have just purchased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment size & 2 door frost free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from 2 months old & up. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers and air conditioners.

Smitty likes competition - it keeps one on their toes & prices in line. Smitty says check our competitors out & then come to Smitty's & browse thru our warehouses & see what we have to offer. You are not obligated to buy, just come & see for yourself our very clean & modern appliances. We take trade-ins. We have our own financing with no interest & same day delivery. If you are thinking of buying or selling your appliances, see Smitty just for an honest price.

WE JUST DON'T SELL APPLIANCES, WE GUARANTEE THEM AFTER THE SALE.

THERE IS A DIFFERENCE

Memoriams

EMPEY, ROBERT HUGH - Who was called from this life Sept. 17, 1990 to be with Jesus, his Lord.

"E'en for the dead we will not bind our souls to grief;
Death cannot long divide.
For is it not as though the rose
Had blossomed on the other side?
Death doth hide, but doth not divide;
Thou art but on Christ's other side!
Thou art with Christ, and Christ with me;
In Christ united still are we!"

Until we meet him again, the Lord be praised!

Jason, Morn & Dennis, Marynuth, Richard, Nancy and our families.

O.P.P. REPORT

Cont'd from page 4

arrested and taken to Madoc detachment where he was later released. Charged with impaired driving and failing to provide a breath sample is Arden Dunnam, 34, of Hungerford Township. He is scheduled to appear in Belleville Provincial Court on Oct. 3.

Over the past three months merchants and residents of the Village of Tweed and outlying areas have experienced a defi-

nite increase in crime against property. As a result of an intensive investigation by investigators from the OPP Madoc detachment, a large percentage of the crimes have been solved.

The investigation has resulted in 37 criminal charges being laid, and approximately \$7,000 worth of property being recovered.

The following crimes have been solved and persons charged in connection with mischief to the Ministry of Natural Resources vehicles on June 27; theft from a motor vehicle at Tweed Motor car sales on June 27; theft from the Ministry of Natural Resources vehicles on June 27; break and enter and theft from Rashotte Lumber on July 29; break and enter and theft from Foster Dairy on July 29; break and enter with intent at Fleming Feed Mill on July 29; break

and enter and theft at Kelly Restaurant; theft from a motor vehicle on Aug. 26; theft from motor vehicles, two counts on July 29; break and enter and theft at Palmateer's Abattoir on July 23; break and enter and theft at Palmateer's Abattoir on July 25; break and enter and theft at Fleming's Feed Mill on Aug. 19; break and enter and theft at Ministry Transportation building on Highway 37 on Aug. 19; and break and enter and theft at Hastings County Roads Department on Highway 37 on Aug. 19.

Officers involved in the investigation thank the citizens of Tweed and area for their co-operation and support. This investigation is an example of the community and police working together to solve crimes.

CHSS to hold parents night

Centre Hastings Secondary School will be holding the Grade 9 Parent's Night on Sept. 18th.

The evening will be an information session to give parents an understanding of day to day route of their Grade 9 children. The Parents' Night which will be held at the high school will begin at 7 p.m. with a video on the school to be shown in the front foyer.

Vice Principal Cheryl Mound will address the parents to begin the proceedings.

The rest of the program includes four seminars on the planner given to Grade 9 students; special activities that includes, the Centre Hastings Intramural Council (CHIC), Interscholastics, and student government; support programs, Classroom Support

Program, Enrichment, Peer helping, Resource Centre services, and program description, describing the changes to the Grade 9 curriculum this year.

Physical Education teachers also will outline the health program.

North Addington Education Centre 15-11, 15-7 in the final. Cont'd on page 7

Masonic Hall construction

Philip Zito Masonry Ltd. and Bricks by Brian combined to do the brickwork on the new Masonic Hall on Durham Street. The finishing touches were put on the brickwork last Friday, and the cornerstone was also cemented into place on Friday as well.

Army cadets train for camp agenda

The No. 385 Canadian Army Cadet Corps, here in Madoc, started off their 1991-92 training season with a weekend camp for the senior N.C.O.'s only, on Sept. 6-8. The purpose of this camp was to prepare an agenda for an "All Cadet Camp" on Sept. 27-29.

The "All Cadet Camp" is the first of a series of fun-filled weekends for our Cadets.

In the meantime, our actual Training Night begins on Wednesday, Sept. 18, at Centre Hastings Secondary School, and each Wednesday thereafter. The Training Night begins at 6:30 p.m. with a "form-up" parade, and then goes into three 45 minute training sessions. Each training session is designed for every Cadet, depending upon his or her previous training. For example, for our brand new Cadets, the sessions will cover the "basics" of Cadets, such as marching, standing at attention, standing at ease, recognition of ranks for both Cadets,

and for regular military personnel.

It must be pointed out that Cadets are not considered as part of the military, they are a volunteer group of youngsters who are receiving training in good citizenship, by means of a military-based program.

If there are any youngsters between the ages of 12 and 19 who would like to receive this highly specialized form of training, while having fun, and wearing a military type uniform, come out to the high school on Wednesday night and register.

The by-product of our training program is, giving these youngsters a head start on being good citizens of the future, and having a good time while learning. One of our Cadets, just last year, went to England as a member of the Bisley shooting team, and she came back with a Bronze Medalion. Her shooting knowledge came directly from Cadets.

CHSS holds volleyball tournament

Cont'd from page 6

Twelve teams competed in the tournament including CHSS, Loyalist Collegiate, North Addington Education Centre, Clarke High School, Crestwood High School, Cobourg West, Mary Ward High School, Ernestown Secondary School, East Northum-

berland Secondary School, Courtice, and St. Paul. The CHSS junior boys team played in place of Anderson Collegiate which pulled out.

In round robin play: CHSS vs Crestwood 15-8, 15-9; CHSS vs Cobourg 5-15, 8-15; Loyalist vs Clarke 5-15, 4-15; Loyalist vs

Crestwood 15-13, 15-10; NACE vs Clarke 15-11, 15-13; NACE vs Cobourg 15-4, 16-14; NACE vs Crestwood 9-15, 15-8; Cobourg vs Clarke 10-15, 11-15; M. Ward vs Courtice 15-9, 15-13; M. Ward vs St. Pauls 2-15, 8-15; CHSS jr. vs ENSS 12-15, 15-13; CHSS jr. vs St. Pauls 5-15, 2-15; Ernestown vs ENSS 15-11, 15-6; Courtice vs Ernestown 6-15, 2-15; CHSS vs Clarke 15-12, 10-15; CHSS vs Loyalist 12-15, 11-15; CHSS vs NACE 10-15, 9-15; Loyalist vs Cobourg 10-15, 6-15; Crestwood vs Cobourg 6-15, 2-15; Clarke vs Crestwood 15-1, 8-15; CHSS jr. vs M. Ward 15-12, 15-10; M. Ward vs ENSS 15-9, 15-13; M. Ward vs Ernestown 15-4, 12-15; CHSS jr. vs Courtice 12-15, 13-15; Ernestown vs St. Pauls 8-15, 6-15; ENSS vs Courtice 13-15, 11-15; ENSS vs St. Pauls 8-15, 9-15; St. Pauls vs Courtice 15-3, 15-3; NACE beat M. Ward, Clarke beat St. Pauls, NACE beat Clarke and Cobourg beat Ernestown.

Madoc Township submits request for reassessment study

by Jeff Wilson

Madoc Township council have requested a study on two reassessment methods be done on the township by the Regional Assessment Office.

Currently homes in Madoc Township are assessed at 1940 market values.

A regional assessment officer will conduct a study on the effects of implementing of full market assessment based on a set year, and assessment based on set year with the total percentage of assessment of a particular category factored

in, according to Ernie Thain, a regional assessment commissioner. The categories include residential, farm, commercial and industrial.

Reassessment has been implemented in other municipalities in an attempt to even out property tax payments of individual landowners.

Madoc Township Clerk Treasurer Bill Lebow said the study may take up to two years to complete. He said council will study the report and choose a reassessment plan for the township.

Queensborough Women's Institute meeting

The Queensborough Women's Institute held their September meeting on Wednesday, Sept. 11, beginning at 8 p.m.

Mrs. Mervil Lees, president opened the meeting with a short poem, O'Canada, the Ode and Mary Stewart Collect.

Mrs. Sandy McNeil was hostess, with assistants for sandwiches and cake.

The roll call, "Bring a twig from a tree and identify it" was answered by 14 members.

Minutes of the last meeting were read and a business discussion followed.

The area convention is to be held in St. John's United Church in October Mrs. Rita Sequin is to be our delegate.

We are invited to Cooper's W. I. meeting on Sept. 18.

It was decided to send a donation to the Alzheimer's

Society this year.

It was also decided to canvass for the C.N.I.B. again this fall.

Our guest speaker for the evening was Mr. John Harris from the Ministry of Natural Resources in Tweed, who gave an interesting talk on trees and the diseases that affect them. He answered questions on the Dutch elm and gypsy moth damage that had been around our part of the country. He said he had worked in several different communities before coming to Tweed in 1979.

This was an interesting subject as we are all interested in helping to save our trees. Sandy McNeil thanked him and presented him with a gift. We closed the meeting with the "Queen" and lunch was served and a social time was enjoyed by all.

Dates to Remember

Sept. 18 - Beavers, Cubs and Scouts Registration, 6:30 - 8:30 p.m., Madoc Public School.

Sept. 24 - Madoc Historical Foundation Meeting, 7:30 p.m. at St. Peters Presbyterian Church Hall, all welcome.

Oct. 2 - Ducks Unlimited Dinner and Auction, Madoc Township Hall, Eldorado. Tickets \$35, call Bruce McNevin or Bob Bancroft.

Oct. 3 - Centre Hastings Gymnastics Club Registration & classes at Madoc Public School, for info call Joan 473-4463.

Oct. 25 & 26 - Rummage Sale, Presbyterian Church in Madoc, Friday from 3:30 to 8 p.m., Saturday 9 to 11:30 a.m.

exhibition game against the Ernestown Jets last Friday night. See story on page 7.

New curriculum looked upon favorably by teachers

by Jeff Wilson

As far as teachers at Centre Hastings Secondary School (CHSS) are concerned the Grade 9 overall curriculum change is a good one and very similar to what they were already teaching.

In an interview with teachers from Mathematics, English, French, Geography and Art departments the consensus was that the curriculum change ordered by the Ministry of Education to have students in Grade 9 no longer designated advanced or general, its is a positive change and doesn't really drastically effect any of the courses. The basic course level courses still exist for Grade 9 students.

One of the fears of this new curriculum was the possibility of losing the interest of some of the advanced students who would find the work too easy and some of the general students who would find the work too difficult, but the teachers say this just isn't so.

In most of the Grade 9 courses the work consists of a

core program, which if passed by a student will allow him or her to enter an advanced Grade 10 course and succeed. The courses also have enrichment work built in for those students who complete the required core work ahead of time. For those students having difficulty with the core work they can receive help from a fellow student or the teacher.

Mike Lambert, an English teacher at CHSS for over 2 years who teaches two of the new Grade 9 classes said the English department instituted the change in curriculum two years ago as part of a pilot project. He said he likes the program because it gives the students another year before they have to choose courses at the advanced and general levels.

"It gives everybody a chance to progress at their own rate, and a chance to find themselves," Lambert said.

He said the first year the program was introduced after about a month he couldn't tell

Cont'd from page 8

Rookies Unlimited 2 sports card store changes location

by Jeff Wilson

Rookies 2 sports cards store moved to a "bigger, better, brighter" location a week ago Saturday.

The store previously was located on St. Lawrence Street W., but now resides on Durham Street. The move has brought the store closer to one of its competitors, but owner June McNally said it is a friendly competition.

"I have my regular customers and they have theirs," she said.

McNally said she enjoys running the store in Madoc because of the clientele. Most of her customers are young boys who she describes as honest and polite. She said she sometimes allows a young customer to purchase cards even when they are a little short of money. She said she will forget about it, but the kids never do, and always pay her back when they get the money.

One of the reasons the customers never forget to pay back the money maybe the fact McNally really takes care of her younger clientele. When young kids enter her store she likes to offer them advice on the type of cards they should and shouldn't buy.

"I tell them not to buy cards that they won't get their money back on," she said. "Most of them listen, but some of them don't."

As well as doing business with the local children, McNally and her customers also share a project they jointly started. The project called

"Tips for Tots" began as a sort of joke, with children leaving spare change in a jar to fund a trip to Florida for McNally.

But once the fund began to grow McNally and her customers decided to donate the money to the Ontario Provincial Police campaign to purchase coats for less fortunate children.

June McNally (left) owner of Rookies 2 sports cards store talks to her young customers, who she describes as "polite and honest".

McNally recently moved store from Lawrence Street E. to a location on Durham Street.

Madoc councillor announces candidacy

Councillor Crichton Harrop has decided to run in the municipal election in November. He said his main concern is to see that the Village of Madoc expands properly.

Councillor Crichton Harrop announced he will run in the next municipal election.

Harrop had registered a number of weeks ago, but said he wouldn't announce his intention until he received a clean bill of health from his doctor.

Harrop has been a councillor on Madoc Village council since 1985.

In an interview Harrop said his main concern in the next three years would be to take steps to ensure the village expands properly. He said he would like to see the Environmental Assessment Study on the village's lagoon brought to a conclusion.

Harrop also feels the completion of the water and sewer projects currently underway will help the village expand properly.

Working with local businesses is also on Harrop's agenda. He said he would like to work in conjunction with the Madoc Business Association to repair sidewalks in the downtown area.

"The downtown businessmen need to be proud of the downtown core," he said.

Harrop said he also will work to keep taxes down, as in the previous three years. He said the Village of Madoc has had the lowest tax increases of Madoc, Marmora, Stirling and Tweed, on the average over the last three years.

If elected Harrop said he would become an active member of the Association of Municipalities of Ontario to protect the small community.

As a teacher at Centre Hastings Secondary School for about 25 years Harrop said he is concerned by all the bright minds that he sees leave the community and not come back because there is a lack of employment opportunities in the area. He said he will try to rectify this situation through work in the Community Futures program. Harrop said he has attended seminars on the program and he feels the village can use it to keep the bright minds in the community.

Remember When?

The photo is of the Catholic Church just after it was built.

Leaves changing means it's time for Madoc Fair

The leaves are changing color, the thermometer is dipping down, which can only mean one thing. It's time for the annual Madoc Fair.

This year's fair will begin on Friday, Sept. 27 and will run until Sunday, Sept. 29.

This year's fair will feature one new addition, a 4X4 truck mud drag to be held at 12 p.m. on Sunday, with registration starting at 11 a.m., for further information contact Ken Yarrow at 473-4771.

The other scheduled events include a heavy and light horse drawing on Friday at 7 p.m. On Saturday at 10 a.m. the Hunter Jumper Horse Show will be held, while at 10:30 a.m. there will be a light and heavy horse and pony show.

Also scheduled for Saturday is the swine judging at 11 a.m. At 12 p.m. dairy cattle show will take place, while at 12:30

p.m. there will be a sheep and Arabian horse show.

The opening ceremonies will be held at 1:30 p.m. with MPP Elmer Buchanan officially opening the fair.

Entertainment also be provided with the band Country Ranch performing, along with a local talent contest from 1 to 4 p.m. on Saturday and Sunday. For more information and registration for the local talent contest, contact Jean Bailey at 473-4641 or Bob Hawley 473-2271.

The Big Brothers will hold its Roast Beef Dinner from 4 to 7 p.m. on Saturday inside the arena.

Then at 7 p.m. the demolition derby will be held, 100 cars have entered this year's contest.

On Sunday a saddle horse and pony show will be held at 9 a.m. A number of events will

be held at 12 p.m., including a baby show, for more information call Maryann Devolin at 473-2281, beef cattle show and a goat show.

At 1:30 p.m. there will be a pony draw, preceding the pony draw there will be an oxen pulling demonstration.

Historical Foundation planning Victorian display for Fair

The Madoc Historical Foundation idea for a display at the Madoc Fair was just a child's play.

The foundation is planning to depict a child's toy room in the Victorian time period. Debbie Parks the planner said the display will have a wallpapered back drop. A garden bench which a draw will be

held on which be will be the centre piece. The display also will contain a braided rug, teddy bears, children's clothing from the Victorian time period, as well as posters.

Parks said the display will have flowers donated by the Madoc IGA, and books of older homes in the area.

MRCA awards nomination deadline in December

The nomination deadline for the Moira River Conservation Authority (MRCA) 1991 Awards of Distinction and Merit is Dec. 31, 1991.

Individuals, groups, clubs or associations all can be nominated for the newly created awards.

Nominees must have made a voluntary and significant contribution to the well-being of our natural environment. The contribution might have been a direct, active involvement in conservation projects or in a consciousness-raising

educational initiative, examples could include, conservation farming, protection of wildlife or wildlife habitat, rehabilitation of wetland or other natural area, the education of others in environmental awareness, research, restoration projects, donations of time or money or land to conservation causes, or long-term stewardship of the environment.

The Conservation Awards Program is a way of paying public tribute to such exceptional people and their efforts

on behalf of our common environmental "home". Recognition of these conservation efforts will stimulate further awareness and action by others. The awards will lend encouragement to grass-roots, conservation initiatives.

Nomination forms and further information are available from the Authority office by phoning 968-3434.

Thursday Night Mixed Bowling

After bowling one night on Sept. 7 to roll for averages for the Winter League we got off to a great start. Six teams of six bowlers each began the season's regular play this week with the following results for team standings:

Len's Rollers 7; Short Stops 5; Room For Improvement 4; Keven's Misfits 3; Karen's Kritters 2; Kool Kats 0.

The high men's single this week was bowled by Brian Sharpe with a 302 score. Vivian Myers had the women's high single for the week with a 213. Men's High Triple was Brian Sharpe with a 749. Women's High Triple went to Wanda Jones with a 563.

Good scores this week included: Roy Voss 251; Dot Clark 202; Larry Hurley 228; Gordon Holmes 227; Don Holland 202; Ron Davidson 251; John Stone 233; and Bill Clark 215.

Clarification

In an article in last week's edition it stated it would cost the Madoc Curling Club just \$100 to curl in Marmora for the year. The article also should have stated the cost would be \$100 per team for the year. The Review regrets the error.

Correction

In an article in last week's edition it stated the Ducks Unlimited Dinner and Auction would be held on Oct. 8. The dinner and auction actually will be held on Oct. 2, tickets are \$35 and can be obtained by contacting Bruce McNevin or Bob Bancroft. The Review regrets the error.

The Corporation
of the Township
of Madoc

FOR SALE

Sealed bids plainly marked "PROPERTY" will be received by the undersigned until 5:00 p.m. October 4, 1991.

The property to be sold is described as Part of Lot 17, Concession 5, Township of Madoc and measures approximately 100 ft. by 80 ft. as described in Instrument No. 3310 registered in the Land Registry Office for the County of Hastings.

The successful bidder will be responsible for any and all costs incurred to facilitate transfer of ownership of the property over and above the bid price.

Further information may be obtained from the undersigned during regular office hours.

Highest or any bid not necessarily accepted.

W.G. Lebow,
Clerk-Treasurer,
Township of Madoc,
Box 303,
Madoc, Ontario, K0K 2K0.

AVIS À TOUS LES FRANCOPHONES DU COMTE DE HASTINGS

Le Conseil de l'éducation du comté de Hastings a la responsabilité de l'école Breadner, depuis le 1er septembre 1991. Par conséquent, le Conseil aura une section de langue française en décembre 1991.

Trois conseillers/conseillères scolaires seront élus, au scrutin général, pour la section de langue française du Conseil, par les électeurs francophones des écoles publiques du comté de Hastings.

Si vous êtes éligible et que vous désirez voter pour les membres de la section de langue française, prière de vérifier la liste des électeurs de votre région afin de vous assurer que votre nom est bien identifié comme francophone sur cette liste, et ce pour le système publique.

Pour toute correction ou modification à la liste des électeurs, prière de contacter le conseil municipal de votre lieu de résidence, avant le 11 octobre.

NOTICE TO ALL FRANCOPHONES RESIDING IN HASTINGS COUNTY

The Hastings County Board of Education has operated a French-Language unit, Ecole Breadner, since 1991 September 01. As a result there will be a French Language section of the Board established in 1991 December.

Three Trustees will be elected at large to the French-Language section of the Board by the eligible Public School French-Language voters in Hastings County.

If you are qualified and you wish to vote for members of the French-Language section of the Board, please check the voters' list where you reside to ensure that your name is on the Francophone voters' list. If the voters' list is not correct please contact the clerk in the municipality where you reside prior to 1991 October 11 to have the list corrected.

Women's Health Centre holding official opening September 25

Peterborough - The Women's Health Centre is having its official opening ceremony September 25 with representatives from the Ministry of Health expected to attend. The ceremony will begin at 11 am.

Established two years ago at Peterborough Civic Hospital, the centre expanded to its off-site, 411 Water Street location, last March.

Some clinical services continue to be offered at the hospital.

"We felt a downtown location would enhance our visibility and allow us to offer more services to the community-based location," says the centre's director, Jane Bremner.

The building also has more space - 5,500 sq. ft. - for the 13 staff members.

Services include a health information resource library

and counselling on issues like sexual abuse, sexual assault and body image. Office hours are weekdays, and evenings and Saturdays.

Clinical services, such as colposcopy (testing and treatment after an abnormal pap smear), non-stress testing (done during pregnancy to check a baby's health), breastfeeding support and an unplanned pregnancy program are offered at the hospital.

The Women's Health Centre has an office there which is staffed during the week for booking appointments and greeting clients.

And although it is located in Peterborough, Ms. Bremner emphasizes that the centre serves women in the four-county area of Peterborough, Victoria, Haliburton and Northumberland.

On September 25 staff will be conducting tours of the building.

NDMSA is fan...tastic!!

Norwood honours its top softball players, teams

Norwood - With over 200 youngsters registered for house league play; eight all star teams travelling across the district; two Ontario Rural Softball Association (ORSA) finalists and one ORSA champion, the Norwood District Minor Softball Association can claim considerable success in its first year of operation.

And Wednesday evening at the town hall, awards and honours were passed out and received, reinforcing how well things had gone this past season.

"All of you here are part of the Norwood District Minor Softball Association," said President Dan Selby. "And you are successful!"

Mr. Selby told the players, coaches, parents and fans that there are different ways to measure success.

You can measure it in terms of leadership, he suggested, pointing out to them that the Kawartha League "exists because of Norwood."

"We breathe real life into it year after year."

Success, he said, could certainly be measured in terms of ORSA accomplishments which included one championship, and two finalists.

It all starts with you working hard and honing your skills, he told the players.

"Norwood players are second to none."

Mr. Selby paid special thanks to a number of people and groups including: the various team sponsors; concession stand manager Cal Clarke; umpires Barry Lane, Jim MacKenzie and John Young; his fellow NDMSA executive members - "Boy have they worked hard;" the Norwood Lions Club and Legion Branch 300 - "It is really heartening to see the support from the Lions and the Legion" (the Norwood Lions Club purchased a much-needed lining machine for the ball park and the Legion

A royal trio: The 20th annual Queen of the Norwood Fair competition was held Saturday evening before a packed house at the Sports Complex. Taking over from Katie Quinlan is Becky Quinn, centre, who represented Lake-

ways Automotive. The 1st runner-up was Julie Lynch, on the left, who was sponsored by J.J. Stewart Motors while Tricia Bell, representing the Norwood Fire Department was the 2nd runner-up. Photo/Bill Freeman

A charging knight: The Norwood Soccer Knights opened their season last week against Lakefield High School and Lakefield College School. In action above, a Norwood player lunges for the ball during action against LCS. The visiting Lakefield squad fought back to ake a 3-2 win. Earlier in the week, the NDHS

seniors destroyed LDHS 6-1 behind a hatrick from Andrew Hamilton and singles from Rick Murray, Dwayne Crawford and Francesco Meani. The juniors blanked LDHS 6-0 thanks to goals from Rob Williamson, Dan Roffey, Don Clarke and Corey Gratton. Photo/Bill Freeman

Do 16 and 17-year-olds want the vote? asks MPP Elmer Buchanan

Norwood - Let's ask the 16 and 17-year-olds if they want the vote, not tell them what they can and can't do, says Elmer Buchanan, MPP for Hastings-Peterborough.

The provincial agriculture minister, was commenting on news reports that the federal Royal Commission on Electoral Reform and Party Financing might recommend that the voting age be lowered from 18 to 16 for future federal elections.

"Speaking personally, from my background as a teacher and a community worker," Mr. Buchanan said, "16 is the age at which people can make a thoughtful decision on who to vote for and what policies they support - both federally and provincially."

"The high school curriculum today," says Mr. Buchanan, "deals with many of the economic and social choices Ontario has to make."

This fall, Mr. Buchanan plans on asking 16 and 17-year-

olds whether they want the vote.

"I want to get from them a reading on the question," he says.

"I hope students aren't as turned off by the political process as some parents are."

In Norwood, the "Students for Society" group at Norwood District High School will talk about the voting age this week, says NDHS student Ed Beres.

Mr. Beres is a rotating chairperson of the Students for Society group. Each member of the club takes a turn learning the process of chairing meetings.

"In the provincial election last year, I attended all-candidate meetings, studied the campaign literature, worked for the candidate of my choice and wished, at 16, I could have voted my political convictions," said Mr. Beres, who has just become the youngest vice president in the

OPP report.

Theft nets \$3,800 in merchandise, \$840 in cash

On Sept. 18th, Doug Simpson, who runs the Outdoor Store in Campbellford, reported a break-in. Cash in the amount of \$840 and merchandise valued at approximately \$3,800 was stolen. Among the numerous items taken were bows and arrows, knives, rods and reeds and clothing.

Anyone with any leads on this or any other break-ins is requested to contact the Campbellford OPP office.

Also on Sept. 18th, Robert

Darby of RR 3, Havelock, reported a theft of approximately \$2,000 from her residence.

Heather Walker of Campbellford reported the theft of her AF-AM stereo cassette deck from her 1986 Chev while

Bob Duck, lock master at Lock 18 in Campbellford, found the tool shed broken into at the lock when he reported for work Saturday, Sept. 21. Numerous tools used in the operation of

years old.

Cora Lelia Stevenson, the daughter of Lelia Armstrong and John Jones, was born in Seymour Township on January 20, 1903.

Cora Lelia Stevenson of Pleasant Meadow Manor Nursing Home in Norwood (formerly of 141 Clyde St. in Hastings) died August 24 at Civic Hospital in Peterborough. She was 88

Mrs. Stevenson was predeceased by her husband Ernest (Ernie) Stevenson. She is also predeceased by brothers George, Fred, Jack and Percy and sister Mrs. Clara

the lock were stolen. There was no given value for the tools.

On Sept. 16th, Theresa Stackaruk of RR 5, Warkworth, was operating a 1985 Nissan on Market Street in Campbellford and stopped at the sign at Dossie Avenue when she was hit from behind by a 1977 Malibu operated by Robert Witcher of Campbellford. Charges have been laid. There were minor injuries, and damage was minimal.

McNaughton.

Mrs. Stevenson is survived by her son Frederick Harry Stevenson of Hastings; grandchildren, Jim and Mary Metcalfe, Harry and Linda (Thraver) and Bill (all of Hastings), Cathy and Chris Clements of Norwood, Rhonda of Toronto and Les.

She is also survived by

parked at her residence.

On Sept. 20th Pat Dillon of Pontypool reported his cottage on Round Lake was broken into. Among items stolen were a Hummingbird fishfinder, Cannon camera, three ceramic loons, a ghetto blaster, portable CD player, a number of CDs, fishing rods and tackle, various tools, a chainsaw, etc. Estimated value is \$3,000.

Some Roseneath Fair winners

Roseneath - The Roseneath Fair has already declared some of its 1991 winners in the Corn Silage and Grain Crop competitions. Below are the top finishers.

CORN SILAGE CROP

- 1st - Bruce Ingram, 87.5.
- 2nd - Ron Linton, 84.4.
- 3rd - Murray McCleary, 83.5.
- 4th - Neil Sheardown, 82.5.
- 5th - Sid Atkinson, 82.
- 6th - Tom Ward, 80.5.

GRAIN CORN CROP

- 1st - Brian Atkinson, 90.5.
- 2nd - Ted VanNetten, 89.5.
- 3rd - Sid Atkinson, 88.5.
- 4th - Taylor Bros., 87.5.
- 5th - Walde Farms, 84.5.
- 6th - Jim Hogg, 81.5.
- 7th - Ron Linton, 80.

The winner in the corn silage crop competition will win the Hunco Farms Trophy while the winner in the grain corn crop competition will win the Pioneer Hybrid/Don Honey Trophy.

Competition requirements are 1/2 bushel of Corn Silage, eight stalks of Grain Corn or 40 per cent of prize money will be withheld.

REGISTER NOW!

REGISTERING YOUR BUSINESS NAME WITH THE MINISTRY OF CONSUMER AND COMMERCIAL RELATIONS IS GOOD BUSINESS!

The right business name helps your customers identify your company. It also builds your image in the community and in your profession.

If you are currently operating a business or intend to operate a business under a name other than your own, a recently introduced law requires that you register your business name. The new Business Names Act applies to all types of businesses.

Even if your business was exempt from registration before the new act came into effect, you must now register your business name. The only exception is, if you are already registered under the Partnerships Registration Act or the Corporations Information Act, you don't need to re-register under the new act. The deadline for registration without penalty is November 30, 1991.

**REGISTER YOUR BUSINESS NAME.
IT'S GOOD BUSINESS.**

Please send me a free (no charge) brochure on registering a business name. Send me the brochure in

English ☐ French ☐ Chinese ☐ Italian ☐
Greek ☐ Portuguese ☐ Spanish ☐

YES... I would also like the forms needed to register a business name. The forms are available in English and French only.

Norwood honours top softball players, teams

Cont'd from page 1A

presented the NDMSA with a \$1000 donation), dedicated parents: Gary Jones for his work with the Kawartha League and as an ORSA convenor and organizer of umpires; NDMSA Secretary, Janet Ridgeway and Norwood Register editor, Bill Freeman.

Mr. Selby said that the NDMSA is looking forward to next year's softball season and is planning an even more successful bike-a-thon. If things go well, there could be a pitching batting machine in Norwood next summer.

People interested in getting involved in minor softball should mark down October 8, the date of the Association's annual general meeting. It will be held at the Legion starting at 7:30 pm.

Awards galore

There were a number of individual and team awards presented Wednesday night including

TEAM AWARDS

Bullock Insurance/Gramma Flo's Donuts pee wee boys - Coaches Award, Kristian

Partington; Team Award, Dwayne Rogers.

Holiday Ford bantam girls - Top Hitter, Kali Buck; Most Improved Player, Jennifer Rogers and Top Glove, Tina Ouellette.

J.J. Stewart Motors bantam boys - Most Assertive, Don Clarke; Most Improved and Top Batter, William Mood. Home Hardware/IDA Centennial midget girls - Most Improved, Katie Quinlan and Jennifer Macklin; Coaches Award, Jill Levesque and Connie Derrett Stacey Reynolds.

TEAM MVP'S

Foodland/Burger Hut squirt boys - Kevin Deen, pitcher. Lynch's Auto Service pee wee girls - Sarah Toms. Gramma Flo's/Bullock Insurance pee wee boys - Brendan Laurie, pitcher.

Holiday Ford bantam girls - Shanley White (3rd base and pitcher) and Heather Richardson (short stop).

J.J. Stewart Motors bantam boys - Derek Coyle (pitcher) and Jeff Beavis (short stop). Home Hardware/IDA Centennial midget girls - Tricia Bell, outfield pitcher.

Archer Trucking/Carter Concrete midget boys - Dwayne Crawford, catcher. Randy's Auto Shop junior boys - Scott Toms, second base.

ORSA AWARDS

Burger Hut/Foodland squirts (finalists) - coaches Mike Laurie and Gary Jones, Bobby Christie, Jason Heffernan, Jamie Heffernan, Pat Laurie, Todd Leeper, Mark Murray, Chris Puller, Rob Bidgood, Kevin Deen, Paul Nicol, Daniel Partington, Ricky Smeltzer, Jason Begg and Robbie Irwin.

Archer Trucking/Carter Concrete midgets (finalists) - coaches Tony Bell and Barry Bryan, Bob Wilford, Dwayne Crawford, Andrew Hamilton, Dan Rutherford, Rick Murray, Terry Redpath, Jason Jones, Corey Hamilton, Steve Montgomery, Dave Maybee, Jason Bryan and Warren Gee.

Holiday Ford bantams (champions) - coaches Dan Selby and Doug White, bat girl Megan Davey, Becky Moore, Julie Selby, Shanley White, Kali Buck, Tina Ouellette, Jennifer Rogers, Janice Beavis, Heather Richardson, Tish Chartrand, Carey Bryan and Brooke Ridgeway.

Tributes must also go to the other team coaches who helped bring more outstanding softball to the Norwood area including Mary and Frank Livings of the pee wee girls who reached the "B" final of

their Centre Hastings League tourney; Al Partington, who coached the pee wee boys to the Kawartha title and to the ORSA semi-finals; Todd Murray and John Mood of the bantams who also reached the ORSA semi-finals; Larry Bell and Loree Stephens of the midget girls who surprised a lot of people in ORSA play and Randy Toms, whose junior team reached the ORSA semi-finals.

First year NDMSA executive members were: President, Dan Selby; Vice President, Gary Buck; Treasurer and House League convenor, Rob Irving; Secretary, Janet Ridgeway; Directors, Randy Toms (member of ORSA executive), Gary Jones (ORSA convenor), Doug White (Parent Liaison officer), Cal Clarke, Mike Laurie, Larry Bell, Gord Montgomery, Scott Toms and John Mood.

The California Cuties received a special NDMSA dart and a place on the Norwood sports wall of shame!

\$3.6 million for agri-food industry

OTTAWA—A cost-shared, \$3.6 million Canada-Ontario agreement on environmental sustainability has been announced by Parliamentary Secretary of Agriculture Murray Cardiff, MP for Huron-Bruce.

Cardiff was acting on behalf of the federal Agriculture Minister Bill McKnight and Ontario Minister of Agriculture Elmer Buchanan.

Under the one-year agreement, several projects aimed at helping the agri-food industry achieve environmental sustainability in Ontario will receive funding.

"This short-term agreement will serve as a bridge to future partnership initiatives under the Green Plan for a healthy environment and a strong agri-

food industry in Canada," said Cardiff.

"In Ontario this agreement will enhance environmental sustainability and will complement the efforts of the Canada-Ontario Agreement on Soil Conservation," Buchanan stated.

The federal contribution of \$1.8 million will fund projects which include research to assess soil structure and predict crop responses to changing soil quality. A large-scale rural groundwater quality survey is also planned. Other activities and initiatives focus on public education and stakeholder involvement in environmental sustainability.

Ontario's \$1.8 million contri-

bution is part of the Ontario Ministry of Agriculture and Food's Land Stewardship II program, aimed at improving conservation farming practices. This program provides financial assistance to farmers for planned conservation systems and environmental protection measures.

The Canada-Ontario Agreement on Environmental Sustainability is part of a \$13-million initiative to support agriculture and the environment announced in 1990 by the federal government under the Special Income Assistance Program.

Do 16 and 17-year-olds want the vote? asks MPP Elmer Buchanan

Cont'd from page 1A

history of the Hastings-Peterborough NDP riding association.

Next year, he hopes to study Political Science at Ottawa University. His long-term goal is to influence public policy by becoming an MP or MPP.

In Lakefield, the grade 12 Politics class at Lakefield District Secondary School will discuss the voting age question when they meet Mr. Buchanan at Queen's Park on Oct. 31.

In one class session, says teacher John Boyko, most of the 31 students, all age 16 and 17, "felt it was inappropriate"

to lower the voting age because they were "too young."

Mr. Boyko expects the school-wide "Political Action Club will look at the question in October.

"We'll see whether the club members feel the same as the class members, he said.

In L'Amble, 16-year-old Keeley Forth, a North Hastings High School student, has mixed feelings about the voting age.

"Because we regularly talk politics at home," she says, "I'd like to express my ideas at the ballot box."

"I think some students are not well enough informed, or would be to easily swayed by friends, although that could be said about some adult voters," Ms Forth added.

Mr. Buchanan says that young people can become full members of the NDP when they are 14.

OBITUARY

Cont'd from page 2A

Havelock.

Funeral services were held August 26 at the Brett Funeral Chapel in Hastings with the Reverend Charles Love officiating. The pallbearers were Elmer Sherwin, Jim Moore, Jim Forde, George Forde, Les Glenn and Harold Johnston.

Interment was at Trent Valley Cemetery.

NEW & USED APPLIANCE SALE

RUNNING TILL THANKSGIVING WEEKEND

Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the most important & expensive part on a refrigerator. We buy compressor motors 100 at a time directly from the manufacturer. This way we can rebuild refrigerators cheaper than our competition. We have just purchased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment size & 2 door frost free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from 2 months old & up. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers and air conditioners.

Smitty likes competition - it keeps one on their toes & prices in line. Smitty says check our competitors out & then come to Smitty's & browse thru our warehouses & see what we have to offer. You are not obligated to buy, just come & see for yourself our very clean & modern appliances. We take trade-ins. We have our own financing with no interest & same day delivery. If you are thinking of buying or selling your appliances, see Smitty just for an honest price.

WE JUST DON'T SELL APPLIANCES. WE GUARANTEE THEM AFTER THE SALE.

Legendary Jay McShann kicks off Kawartha jazz

PETERBOROUGH—Jazz pioneer Jay McShann kicks off the 1991-92 Kawartha Jazz Society season Monday, Sept. 30th at Trent University's Wenjack Theatre.

However, McShann is only the start of an action-packed season that will see the return of an audience favorite, Ed Bickert; a piano fund-raising campaign and a musical dinner and auction.

McShann is considered one of the major interpreters of jazz piano and a legend in his own lifetime. Born in Muskogee, Oklahoma, in 1909, he led one of the last big bands that came out of Kansas City which featured a young alto sax player by the name of Charlie Parker.

The band's popularity was on the rise and began receiving comparisons to Count Basie and Duke Ellington when the

Second World War broke out. McShann served in the U.S. armed forces but the big band scene was never the same following the war. McShann led small groups through the 50s and 60s featuring the likes of Walter Brown and Jimmy Witherspoon.

Peterborough's Jackson Delta Blues band will open the show for McShann, who will be backed by an all-star group that includes bass player Neil Swainson and drummer Archie Alleyne. Swainson has performed several times during the past two years at Kawartha Jazz Society concerts. He has toured extensively with George Shearing. Alleyne is one of the all-time greats, having worked with Billie Holiday, Carmen McKrae, Mel Torme, Steve Lawrence and Stan Getz.

Tickets for the show are \$12 each or \$8 for students at the door. Students wanting to ensure they get a seat for the show can obtain a \$4 refund for a full-price advance ticket at the door.

Local horse wins top prize at provincial finals

For owner Caroline Chinn it was a total surprise that her two-year-old Arabian took first place as the best looking horse in the haltered class in the provincial championships.

It was a surprise because the horse named Little Megan was born and raised on a farm of Carl and Muriel Fitzgerald in Cooper.

The Ontario Provincial Arabian Championships were on Sept. 14 at a private facility near Markham. Little Megan qualified for the provincial championships by winning the mare class at the Orillia Fair, a week earlier.

In the haltered class the horses are judged on their front and hind legs, how they carry themselves, shape of their bodies and the degree of their breed type.

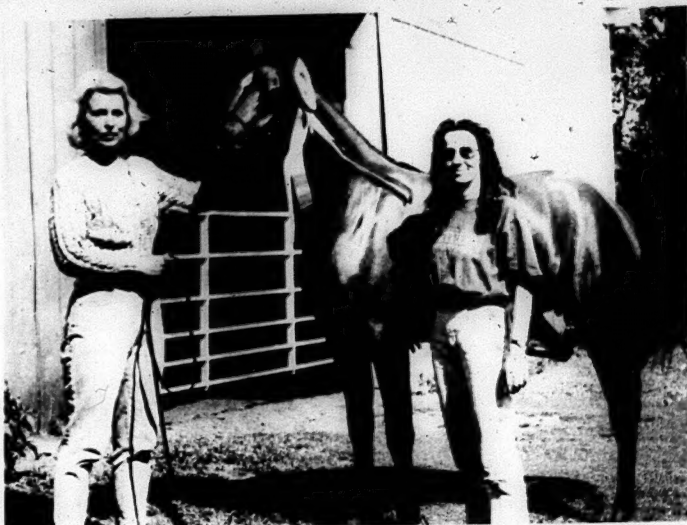

The horses are judged by three judges who give the horse a score out of 100. The scores are added together, and

the horse with the highest total score is declared the winner. One judge gave Little Megan a 90 point score which was the highest score awarded any horse in the competition.

Little Megan is trained and kept at Shirley Klassen's Training Stable near Marmora. Shirley Klassen said she also was surprised the horse beat out the other eight competitors. She said judges usually feel more comfortable giving the top prize to the older horses.

Little Megan will compete next at the Arabian show on Oct. 5 in Markham. Klassen said the horse is now at the age where she will begin her saddle training.

Another horse in the Klassen stable won the pure breed Arabian gelding class at the provincial championships. The named Kholour, a three-year-old from Belleville is owned by Kevin J. Lewis of Belleville.

Trainer Shirley Klassen (left) hold the reins of Little Megan, a two-year-old Arabian who won the title of Best Looking Horse in the Haltered Class at the Ontario Provincial

Arabian Championships held on Sept. 14, in Markham. Caroline Chinn (right) is the proud owner of the horse.

Wildcats lose 5-4 in exhibition play

The Madoc Wildcats took on the Ernestown Jets last Friday night and lost a close 5-4 hockey decision.

The game was Madoc's second exhibition game of the season, in the first game the Wildcats beat up on the Picton Pirates 8-2.

In the game on Friday Ernestown opened the scoring at 18:18.

The Wildcats tied the game at 1-1 on a power play goal from Kevin Ellis. Derek Chapman recieved an assist on the goal.

Neither team scored during the rest of the first period.

In the second period Ernestown scored in the first minute to jump out to a 2-1 lead.

The Wildcats equalized on a goal from Derek Chapman.

Madoc took a 3-2 lead on a

power play goal from Kirk Fleming, with assists from Jeff Sawkins and Hans Wiseman.

In the third period the Jets took off scoring three goals, while the Wildcats were only able to score one from Bob Kelly, with an assist going to Kevin Dunk.

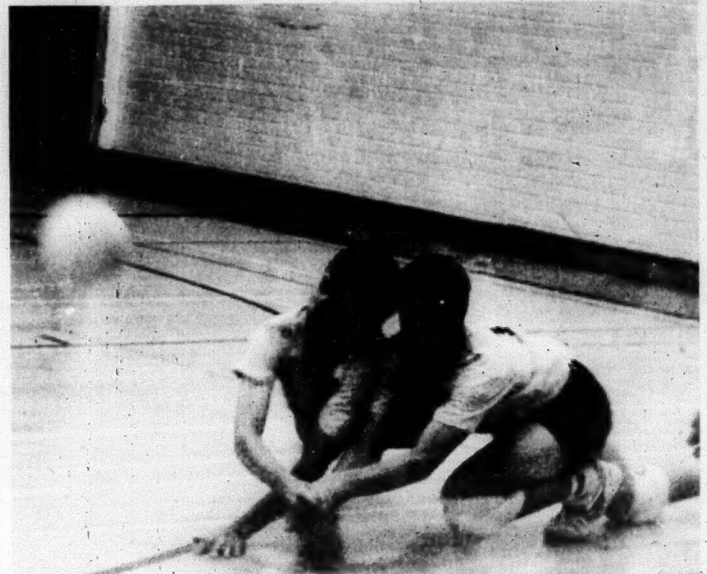

The final score was 5-4, with the shots on goal: Ernestown 41, Madoc 31.

Coach Harold Bailey said he cut six players from his roster after a practice on Sunday. He said he is now down to two goaltenders, eight defensemen, and fourteen forwards.

This year's edition of the Madoc Wildcats will feature a lot of young players. Bailey said the team will have four midget and three bantam aged players this year.

Volleyball tourney...

CHSS loses final to Dunbarton High

A Centre Hastings Secondary School junior boys volleyball player attempts a spike during the CHSS Junior Boys Invitational tournament

last Saturday. The junior team from CHSS team had to settle for second place after being beat by Dunbarton High School in the final.

Voting age could be lowered to 16

Local MPP Elmer Buchanan supports a federal recommendation to lower the voting age to 16 years.

"Speaking personally, from my background as a teacher and a community worker, 16 is an age at which people can make a thoughtful decision on who to vote for and what policies they support," Buchanan said in a press release.

Buchanan was commenting on news reports that the federal Royal Commission on Electoral Reform and Party Financing might recommend that the voting age be lowered from 18 to 16 for future federal elections.

Today's high school curriculum deals with many of the economic and social choices Ontario has to make, he added.

This fall, Buchanan will ask 16 and 17 years olds whether they want the vote.

"I want to get from them a reading on the question," he explained. "I hope the students aren't as turned off by the political process as some parents are."

Norwood meeting

In Norwood, the Students for Society group at Norwood Secondary School will talk about the voting age next Thursday (Sept. 26), says Norwood student Ed Beres, 17.

Beres is a rotating-chairperson of the student group where every member takes turns learning the process of chairing meetings.

"In the provincial election last year, I attended all-candidate meetings, studied the campaign literature, worked for the candidate of my choice (Buchanan) and wished, at 16, I could have voted my political convictions," Beres said.

Next year, Beres plans to study political science, and eventually be elected MPP or MP.

In Lakefield, the grade 12 Politics Class at Lakefield and District Secondary School will discuss the age question with Buchanan on Oct. 31 at the Legislature.

The politics class teacher, John Bokyo of Lakefield, said that in one class session, most of the 31 students, all 16 and 17, "felt it was inappropriate" to lower the voting age because they were "too young."

Bokyo expects the school-wide Political Action Club will look at the question in October. "We'll see whether the club members feel the same way as the class members," Bokyo said.

In L'Amble, Keely Forth, 16, a North Hastings High School student, has mixed feelings about the voting age.

"Because we regularly talk politics at home, I'd like to express my ideas at the ballot box," Forth said. "I think some students are not well enough informed, or would be too easily swayed by friends, although that could be said about some adult voters."

The Centre Hastings Secondary School junior boys volleyball team not only hosted a volleyball tournament last Saturday it almost won it.

CHSS took on Dunbarton High School from Pickering. In a close match CHSS lost 13-15, 11-15.

Twelve teams competed in the tournament including a split squad from CHSS, as well as Dunbarton, St. Pauls, ENSS, Henry St., Carleton Place, Clarke, QECVI, Cobourg East, Champlain and North Addington.

In round robin the results in pool A were: CHSS 2 vs St. Pauls 5-15, 10-15; CHSS 2 vs

Henry St. 10-15, 4-15; CHSS 2 vs Carleton Place 15-9, 15-6; CHSS 2 vs ENSS 15-17, 15-3; CHSS 2 vs Clarke 7-15, 7-15; St. Pauls vs Clarke 15-9, 7-15; St. Pauls vs Henry St. 2-15, 15-12; St. Pauls vs Carleton Place 15-6, 15-5; St. Pauls vs ENSS 15-11, 15-13; Henry St. vs ENSS 15-4, 15-0; Henry St. vs Carleton Place 15-5, 15-4; Henry St. vs Clarke 10-15, 15-4; Carleton Place vs ENSS 15-3, 15-6; Carleton Place vs Clarke 1-15, 6-15; ENSS vs Clarke 3-15, 4-15.

The results in pool B were: CHSS 1 vs NAEC 5-15, 15-11; CHSS 1 vs Dunbarton 11-15, 1-15; CHSS 1 vs QECVI 15-5, 15-13; CHSS 1 vs Cobourg East 15-13, 16-17; CHSS 1 vs Cham-

plain 15-8, 15-10; NAEC vs Dunbarton 9-15, 5-15; NAEC vs QECVI 15-4, 15-3; NAEC vs Cobourg East 7-15, 15-6; NAEC vs Champlain 8-15, 15-10; Dunbarton vs Cobourg East 15-2, 15-1; Dunbarton vs QECVI 15-7, 15-2; Dunbarton vs Champlain 15-9, 15-2; Cobourg East vs QECVI 15-8, 15-6; Cobourg East vs Champlain 15-4, 8-15; QECVI vs Champlain 2-15, 4-15.

In the semi-finals CHSS beat Henry St. two sets to one, 9-15, 15-5, 15-8. In the other semi-final game Dunbarton defeated Clarke two sets to zero. St. Pauls played NAEC in the consolation final.

Local provincial Tories plan membership drive

By Mary Gonder

Marmora - The executive of the Hastings/Peterborough provincial Progressive Conservative riding association met on Sept. 8 at the Woodlands Restaurant, a central location in the riding between Madoc and Marmora.

A major item on the agenda was a report by Membership

Chairman Terry Pidgen of Madoc dealing with a recently begun provincial P.C. riding membership campaign.

Current and past members can expect to receive an explanatory letter with a return envelope addressed to Terry Pidgen, Riding Membership Chairman, to facilitate the process of membership renewal.

At a previous meeting, the executive decided on a \$5 yearly membership fee running from October 1991 until October 1992. Persons wishing to join the P.C. provincial riding association, who are not currently members, are invited to inquire of local P.C. members for directions or write to Terry Pidgen.

Tudor and Cashel Townships Council Minutes

All members present on Sept. 10, with the meeting chaired by the Reeve.

It was moved by Wanda Donaldson and seconded by Glenn Cooney to adopt the minutes of the previous meeting as circulated.

It was moved by Danny Phillips and seconded by

Raymond Henley, to receive correspondence arising from previous minutes.

It was moved by Wanda Donaldson and seconded by Glenn Cooney to approve payment of vouchers No. 8 for roads and general government.

It was moved by Danny

Phillips and seconded by Raymond Henley to approve severances No. B293/91 and B311/91.

It was moved by Glenn Cooney and seconded by Wanda Donaldson to petition the Ministry of Transportation for subsidy to the end of August.

It was moved by Wanda Donaldson and seconded by Raymond Henley to reply to the Ministry of Natural Resources regarding their questionnaire concerning their input into private land development, that council believes that there are already too many regulations and controls on private property and that they prefer the Ministry keep a "hands off" policy in this regard.

Note A - a lengthy discussion was held concerning the proposed zoning bylaw which council believes is too regulatory and will request a further meeting with the County Planning Officials before they adopt it.

It was moved by Glenn Cooney and seconded by Raymond Henley to approve the installation of a trailer on lot 21 WHR provided a permanent foundation is installed and a building permit is obtained.

It was moved by Glenn Cooney and seconded by Raymond Henley to adjourn to meet on Tuesday Sept. 25 at 7 p.m. or at the call of the Reeve.

Local provincial Tories plan membership drive

Cont'd from page 6

Mr. Pidgen indicated that the number of members could be expected to increase considerably due to the growing disenchantment with the present provincial government.

Former MPP, Jim Pollock joined Bob Leach from Bancroft, the riding association's President, in thanking Mr. Pidgen for his efforts in organizing and conducting the campaign.

The executive, in another agenda item, approved payment of expenses to \$100 each for three young Progressive Conservatives who might be chosen to attend a YPC convention for Oct. 4-6.

Riding Association Secretary, Mary Gonder from Otonabee, tabled an outline of the Eastern Ontario P.C. conference scheduled for Sept. 14 at the Rock Haven Motel in Peterborough. The conference will host delegates from all Eastern Ontario ridings - from Ottawa to York.

New curriculum looked upon favorably by teachers

Cont'd from page 1

whether a student was advanced or general.

Lambert said there is a lot of group work involved and in cases it really can help some students. He recalled two students paired together, the one was a top advanced student, the other had been labelled a general student having difficulty. At the end of the semester the advanced student received a 95 per cent, while the general student achieved an 85 per cent.

Dave Sellers, a geography teacher at CHSS for over 20 years and teaches two of the new Grade 9 classes said he likes the curriculum change.

He said the program change has made him change is teaching methods which he finds refreshing.

As for the students he feels the change is only cosmetic, he said general and advanced students have been grouped together in the Grade 9 geography courses at CHSS for 10 to

15 years. Sellers said the only difference now is that the students are all learning the same core material.

Tuulikki Bence-Bruckler, an art teacher for about 20 years at CHSS teaches one of the Grade 9 classes feels it doesn't change her course at all.

"The students still have to learn the same basic skills," she said.

In the Grade 9 art course Bence-Bruckler said she believes in "accumulative skill ability" which is achieved by having the students begin with easy skills and progressing to the more difficult ones.

Overall Bence-Bruckler said she thinks grouping advanced and general students in Grade 9 is an "excellent idea", but not in the senior levels.

Bob Mound and Jane Sprague, both mathematics teachers feel the curriculum change has forced them to alter the way they mark students' work.

Sprague said she used to look

at an 80 per cent as a good mark, but now when she looks at it she says the student does know 80 per cent of the work, but there is still 20 per cent he or she doesn't understand.

Mound said the Grade 9 program contains more advanced work than general, and aims to prepare a student for a Grade 10 advanced mathematics course.

He said the course has changed by focussing more on the "mastering" of all the different topics rather than just marks.

Bob McNeil, a French teacher who teaches three Grade 9 classes said he finds the new program creates a better atmosphere for learning. He said he has found general students who used to fool around in class work harder when placed with advanced students.

McNeil said the new Grade 9 French program core work material is closer to the old general level program.
